

# THE VICTIMS

Gary Leon Ridgway admitted to taking the lives of 48 women, all but four of whom have been identified. Many of their bodies were found in South King County, where Ridgway grew up, lived and worked. Most died in the 1980s, but Ridgway admitted to killing one woman just five years ago. He also told investigators that his earliest victim may have been killed in the 1970s. Here are the brief details about the 44 victims whose remains have been identified.
