Only Heaven is the Safest

Place where me + Julie do not have

to suffer any more. All I knew is

how to take care of her. Protect her.

Dad tired of hearing her say she

is tired of all the drama + can not

get a good sleep. Only the person

knows how much they can take.

I could not risk my daughter +

I being in danger any more.

People are just so cruel and mean

no matter how nice you are. Joseph

has caused so much pain to me +

That I have never ever told
anyone. Not even Ching, Lisa,
Krystal + grandma doH did not
know. I am so grateful to have
had them in my life. They were
the only ones who kept me going
& to keep pushing. Everyone else
did esp Jessica. I'm sorry once
I knew Joseph was being escorted
home by a police offer to get
his things & stay out of the
house. Trust me things only

(#9c3)

would have gotten worse. Will or will not

I could not risk losing my daughter.

I could not risk her being mistreated

if he killed me. No one could take

care of her the way I could. God gave

me to her to keep not to have. Eventually

she would have went back to him. I

did not want her to be taken from me

because she may have gotten killed ;

abused. I had to give her a better

life, which was to give her back to

heaven. She does not deserve

any more pain whatsoever.

I dont mind going to hell because
 I took my life to give her a better
 life which is in heaven where
 she can be free!

Please I ask to donate any of

our belongings. Please say goodbye

Let my family + friends know.

for they knew what was going
 on and gave me strength to
 do what was right for Julie.

I am so glad that we can finally
 rest in peace. Julie will be safe
 in heaven. I could not take it anymore!

~~Never~~ Never let any one
 Abuse you
