#### SPARKS POLICE DEPARTMENT - NARRATIVE/TEXT REPORT

SUPPLEMENTAL

SPARKS CASE NO. 13-9953

TYPE OF CASE

Homicide

04/16/14

TIME RPT. 0900

On 10-21-13, at 0716am, dispatch advised they were receiving phone calls of a shooting at Sparks Middle School, located at 2275 18th Street. Dispatch said they were receiving several calls, and at one point advised there was possibly a teacher down on the basketball courts.

I responded code 3 to the school, and on arrival saw several officers from different agencies arriving on scene. I took up a position in the main parking lot on 18th Street, at the southeast corner of the school. Sgt. Dyer was at the set of double doors on the southeast corner, and I saw packs of kids running out of those doors, and I started directing them to an apartment complex across the street. I did not want kids running in all different directions, and wanted them directed to one place if possible for accountability and reunification purposes after the immediate threat was over. Deputy Chief Brian Miller advised he was going to try and set up a room inside Agnes Risley Elementary for a place to send the kids that were being evacuated from the Middle School.

During this time, several police agencies were responding and arriving on scene, as were command staff from those agencies. I continued to maintain my position, directing officers of where to go and what to do as they arrived on scene as best as I could. As command staff was arriving in the parking lot where I was, a Command Post was established in the main parking lot on 18th Street. I had REMSA personnel close by, and directed officers who had wounded individuals to the paramedics. Officers continued to search the building and grounds of the school, and found what they believed to be the suspect, and a teacher dead from gunshot wounds on the basketball courts on the west side of the school.

I then met with Lt. Dugan from the Reno Police Department, and he advised that he had Reno SWAT Officers coming, and we discussed plans for them to do a slow, methodical search of the school and grounds once the initial search was completed, and we felt the immediate threat was over.

I stayed on scene with command staff at the Command Post, and we began organizing the initial parts of the investigation with an array of investigators from different agencies. I also worked with the media and Washoe County School Administrators to keep them apprised of what was happening. I stayed on scene until the incident was ready to go into an investigative mode, and then secured from the school.

Type of Report: Murder, Attempted Murder Case: 13-9953

Date/Time of Supplement: 4-21-14 1145 hours Detective: Triplett 004

Approving Supervisor Date: 4/23/14

#### **Details of Supplement:**

During a review of the information provided in the law enforcement reports, some key points were identified that needed clarification.

On the morning of the incident, RPD Officer COFFEY and RPD Detective FOLLETT responded to Renown Medical Center to obtain the status of Mason KAMERER and Kaelin GUERRERO and to speak with both victims. Officer COFFEY stated in his report, that Kaelin GUERRERO suffered a gunshot injury to the upper right back. Detective FOLLETT stated in his report that Kaelin GUERRERO suffered a gunshot injury to the right shoulder. To clarify, Kaelin GUERRERO suffered a gunshot injury to the left, front shoulder area.

In my original supplement, I stated that Liliana URTIZ and Jose REYES-MANDUJANO went to the Reno Police Department after leaving Sparks Middle School on October 21, 2013. In actuality, after Jose REYES-MANDUJANO spoke to RPD Sgt. SALTER at the school, Liliana URTIZ joined him there. They travelled to the Sparks Police Department from Sparks Middle School and did not travel to the Reno Police Department.

## SPARKS POLICE DEPARTMENT Supplemental or Continuation Report

Type of Report: Homicide, Attempted Homicide Case: 13-9953

Date/Time of Supplement: 04-21-14 @ 0740hrs

Detective: Dach, K. #034

Approving Supervisor

Date: 4/22/14

#### **Details of Supplement:**

On 4/17/14, I was reviewing the case file and noticed FBI Agents SIMKINS and GINOCCHIO supplements included a copy of the audio interview but did not detail what was discussed in the interview. I reviewed 8 interviews of the following student interviews and summarized them; Adrian AGUILERA, Alexandra ANDERSON, Heaven COKER, Itzel RAMIREZ, Alyssa REMPEL, Samuel SALDANA, Nadine SCHABERT, and Diego BALDWIN.

#### Adrian AGUILERA (Interviewed by Agent GINOCCHIO):

Adrian took the bus to school on 10/21/13. He stood near the gym doors with 5 of his friends. Adrian heard a loud bang, he saw a Hispanic male juvenile (possibly a 7<sup>th</sup> grader) holding a gun. The gun was silver on top and black on the bottom. He looked and saw Mr. TUCKER and Mr. LANDSBERRY trying to calm down the shooter. He heard Mr. LANDSBERRY say "calm down, calm down". Adrian ran towards East Hall. When Adrian got to East Hall the door was locked. He hid with other students near East Hall. The shooter fired approximately 3 shots into the windows near where he was hiding. He was then let into the school by Police.

#### Alexandra ANDERSON aka "Alex" (Interviewed by Agent GINOCCHIO):

Alexandra got a ride to school with Nadine SCHABERT. They stood near the basketball courts and talked to Mr. TUCKER and Mr. LANDSBERRY. Alexandra heard a shot near North Hall and saw a student holding a gun pointed at the ground. She did not know the student but described him as wearing a school uniform average height and build with dark hair. The shooter walked up to Mr. LANDSBERRY with his arm out straight and shot Mr. LANDSBERRY in the chest. Alexandra ran into the South Courtyard and hid behind an electrical box. Alexandra was let into the school and called Police. She was transferred to REMSA and her friend talked with Medics.

#### **Heaven COKER (Interviewed by Agent GINOCCHIO):**

On 10/21/13, Heaven and MacKyla EDWARDS walked to school together. Heaven was standing near McKenzie HIGHLINE and Courtney MONIC at the west side of North Hall when the shooting started. Heaven knew Jose REYES from strings class. They were partners in strings during the first

Detective: Dach, K. #034

Homicide, Attempted Homicide

part of the school year. Heaven heard Jose yelling at "KJ" but she could not remember what words he yelled, but said, she heard "get down". Heaven heard the shot but thought it was fake because she did not see any blood on KJ's white sweatshirt. Some kids were saying, that is a fake gun and Jose shot again into the air. Heaven froze for a minute near the gym. She saw KJ sit down after he was shot. Jose contacted Mr. LANDSBERRY who was walking towards him. Jose shot Mr. LANDSBERRY in the chest. Mr. LANDSBERRY sat down and laid back on the basketball court. Heaven walked north and was let into North Hall by Mr. ENDRES.

Heaven said Jose was a nice guy and she has never seen him being bullied. Heaven said Jose seemed upset at KJ but she could not describe why. She said it may have something to do with a video shown in Mrs. Nancy BERDROW'S class approximately 3 weeks prior to the school break showing a student shooting 20 people at a school. Heaven said since the shooting, she has not been able to hear out of her right ear.

#### **Itzel RAMIREZ (Interviewed by Agent GINOCCHIO):**

Itzel was standing near South Hall when she heard what she described as fireworks. A total of 8 fireworks were heard, 4 during one sequence and then another 4 approximately 30 seconds later. Itzel heard screaming and ran into the South Courtyard. She stood in a small alcove where the school doors were locked. She did not know the shooter, but said he pointed a gun at the group of people in this alcove and said "you guys ruined my life, so I am going to ruin yours". Itzel was let into the school by Mr. Derek GRADILLAS and Mrs. PARKER.

Itzel described the shooter as a Hispanic male juvenile with a black Mohawk wearing an orange backpack, school uniform and carrying a silver and black gun. She had never met the shooter or ever witnessed anything, but thought he was getting bullied.

#### Alyssa REMPEL Interviewed by Chad SIMKINS):

Alyssa is an 8<sup>th</sup> grade student who was standing near South Hall when she heard a gunshot. Alyssa has been shooting before and that is how she recognized the noise but she dismissed the noise as fireworks. She saw a teacher on the ground, but did not know his name. She said he is a male math teacher. Alyssa ran to an alcove in the South Courtyard, she crouched down and covered her face. Alyssa said the shooter who she does not know cornered them in the alcove and pointed the gun at the group. The shooter said "you ruined my life" and maybe more but she does not remember. He then left and went into the South Courtyard towards a different group of kids.

Alyssa described the shooter as wearing a school uniform, black belt, orange backpack and carrying a black gun. Mrs. PARKER opened the door and allowed Alyssa and the rest of the group into the

Detective: Dach, K. #034

Homicide, Attempted Homicide

school. Alyssa thought this may have something to do with two videos the students were shown, one on bullying and one on a school shooting.

#### **Diego BALDWIN (Interviewed by Chad SIMKINS):**

Diego is a 7<sup>th</sup> grade student. When Diego arrived at school he walked towards South Hall. He heard a shot and looked to the north and saw "KJ" on the ground. KJ was shot in the left arm and Diego could see a small amount of blood. Diego saw the shooter, who was facing away from him, and described him as a male wearing gray, possibly a school uniform carrying a black pistol. He did not see the shooters face.

Diego ran south through the gate and kept running. He heard more shots but did not see anyone get shot. The shots got faint as he kept running. Diego saw the police and ran to them.

Diego assumed the shooter was a student from Vaughn Middle School, named Alex Garcia. Diego did not elaborate on why he thought this.

#### Nadine SCHABERT (Interviewed by Chad SIMKINS):

Nadine is an 8<sup>th</sup> grade student and came to school with Alexandra ANDERSON aka Alex. Nadine talked to Mr. TUCKER and afterwards stood near the gym. She heard two shots. She saw Mr. LANDSBERRY trying to calm the shooter down. She ran into the South Courtyard and hid behind big machines. She was hiding with approximately 20 other students including Alex, and Elaina. Nadine assisted Alex and Elaina in calling 911 until the shooter came to where they were hiding.

Nadine described the shooter as 5'3" tall, gray jacket, khaki pants (possibly a school uniform), carrying a black gun and possibly a black bag.

Mr. PEREZ let the students into the building and let them hide in his classroom.

#### Samuel SALDANA (Interviewed by Chad SIMKINS):

Samuel is an 8<sup>th</sup> grade student and took the bus to school on 10/21/13. Samuel went to the cafeteria and had breakfast. As he was walking outside he heard a shot and saw students running. Samuel could see his friend Justin standing behind but near the shooter. Samuel did not know the shooter well but knew his name from PE class. Samuel said he heard from Justin that Jose would cry in the corner during PE on occasion.

Jose shot the gun a second time in the air. Samuel said Jose pointed the gun at another student

named, Andrew CABRERA, but did not shoot him. He walked south and Mr. LANDSBERRY tried to take the gun away from him while holding his coffee cup in the other hand. Mr. LANDSBERRY was shot and fell to the ground. Samuel ran back to North Hall and went into the cafeteria.

#### Video Teen Truth-shown on 9/13/13:

A couple of students mentioned watching bullying videos in the recent past prior to the shooting. I contacted Washoe County School Counselor Nancy BERDROW who told me they show videos during the months of September and October to attempt to reduce bullying in schools. These videos are professionally produced by Horizon Entertainment. The video shown to students on 9/13/13 is named Teen Truth. A passive permission slip had already been given to the parents. This video discussed the pressure to fit in and to feel accepted by other students. It talked about people pushing their opinions on others. Some common issues were weight, clothing, physical appearance, or where a person lived prior.

During the video it showed pictures and video of the Columbine High School Shooting. The video appeared to be from video surveillance at the school. There were photos shown of the crime scene and of grieving people at Columbine High School. There were 911 calls from the Columbine High School Shooting on the video.

The video talked about connecting with people who are "lost" and helping your peers. The video discussed knowing the consequences specifically for a school shooting. The video encouraged students to report bullying to an adult.

The video came with exercises which have the students write about the video they saw and to answer questions such as; do you feel pressure at school or home? Can you turn to family member, friend, teacher for help? These exercises were not given to the students in Jose REYES' class, but Enrichment Teacher Andrea WILSON believes they had a class discussion about the movie. I asked Nancy BERDROW if she has any of the exercises and she did not receive any from the classes. Jose was present on 9/13/13 and would have seen the video.

The video "Teen Truth" and exercise packet was booked into Sparks Police Evidence as KLD-35. The audio interview with Andrea WILSON regarding showing the video to the students in her class was booked into Sparks Police Evidence as KLD-37.

#### **Interview with Justin GIPSON:**

On 4/22/14, at approximately 0900hrs, I conducted an audio interview with student Justin GIPSON at Sparks Middle School. The reason for the interview was because a student told the Police that

Detective: Dach, K. #034

Homicide, Attempted Homicide

GIPSON had seen Jose crying in PE class. GIPSON told me he did have PE with Jose and he heard the rumor that Jose had cried on one occasion in PE class, but he could not remember who told him that. GIPSON said this occurred around the second quarter of school, but could not give a date. GIPSON did not see Jose Crying and did not see anyone tease or bully Jose. GIPSON said Jose was usually quiet and you only heard him when he was laughing. Jose played basketball during PE class. The audio interview was put onto a CD and booked into Sparks Evidence as KLD-36.

No Further, K. Dach, #034.

Gudarce Jessons From September -Oct 13 (before break) Friday Enrichment: Make a Difference

(10 mins) Video ce 6
1130 MsPull

Introduction: Last year, a group of students decided to form a club to look at ways they could improve things here at Sparks Middle School. They were particularly interested in improving the way people treat one another. These students are identified today by their tie-dyed shirts, which we created together last week, and their slogan: Make a Difference.

Starting today, these students will be looking for people around school who are being kind or who are helping another person. If you are given a pink make a difference certificate, please see Ms. Berdrow in the office before or after school, during lunch, or on Fridays at the Sparks Star Store. People with these certificates will receive a special reward for helping to make our school a better place.

In the future, we will be looking at including other students in the group, in planning more school-wide activities, and in doing other things that help make this school a safe and positive place for all students.

### **Popularity?**

#### Objective:

To explore what it means to be "popular" – "widely liked or appreciated" vs. respected – "being admired for abilities, qualities, or achievements"

<u>Video:</u> The Popularity Game (15 mins)

#### Discussion:

Name people in our society who are popular? What makes them popular?

Name people in our society who are respected? What is it about them that people respect?

Is it more important to be liked or to be respected?

Are people in the "popular crowd" at our school always liked? Respected?

#### We want to focus on people who contribute and deserve our respect:

On the top half of a sheet of paper, please write the name of one student at Sparks Middle School who you respect and WHY.

On the other half of the paper, please write what you think it should mean to "be popular."

Please turn into NB

# How others see me...

We have been looking at popularity, respect, actions that make a difference in your own lives or the lives of others.

Today, we are going to focus on how others would see and describe you.

You are going to fill in your obituary, which is written about you when you are no longer around.

Teachers will read over the template, brainstorming about descriptive words and phrases you might want to use.

This is an opportunity for you to reflect about how you would wish to be remembered. If there are things that concern you, this is a time to begin to make some changes.

After people have completed them, you can take a few minutes to decorate and personalize your form.

Students who wish to share with their group may do so.

Please turn into NB – I will remove the name and post the forms throughout the school, so people can see, and appreciate the differences and special things about each person at this school. If you do not wish to have yours displayed, please write that on the bottom of the form.

#### What is Bullying?

#### Definition:

Bullying is aggressive behavior

It is behavior designed to harm another person

It is carried out repeatedly over time.

There is often an imbalance of power – one person is perceived as stronger, more popular, prettier, older etc.

Video: Bullying (30 minutes)

#### Discussion:

- You are walking down the half and someone you have never seen before calls you "fake." Bullying? no a mean comment that is not acceptable, but it is not occurring over time.
- Someone is constantly texting you and saying that you'd better watch your back.
   Bullying? yes aggressive, designed to make the person afraid and possibly hurt, repeated over time.

#### Ways to deal with bullying:

- Stay calm tell the student you don't want any problems walk away
- If it persists, tell a trusted adult. Don't ignore bullying it does not usually stop on its own. Bullying that continues is a crime.
- Support a student who is being bullied take them away from a bad situation.
- Think about what you post online keep your password secret
- Stay away from people or places where bullying occurs.
- Don't be a bystander take a stand against bullying by helping the person being bullied or treated badly. It could easily be you.

Any student who would like to help make this school a safer and more positive place for everyone, please let your teacher know. We are looking for more people to be involved in our M.A.D club

#### Teen Truth – An inside look at Bullying and School Violence

<u>Objective</u>: Today we will look at the relationship between bullying and school violence.

Bullying can include: following someone, returning to their property without consent, making repeated phone calls or text messages, spreading rumors, excluding someone from activities, sending notes pretending to be someone else, calling someone names, physical violence — tripping, pushing etc

#### Video (23 mins)

#### **Discussion**

Have students answer "T" or "F" for each question

- 1. You can tell if a teen is struggling with personal problems by the way he or she looks
- 2. A majority of teens report feeling pressured to look or act a certain way.
- 3. Nearly 75% of teens report feeling lonely.
- Purposely excluding someone from your activities doesn't count as bullying.
- 5. 30% of all teens have been involved in bullying, either as a bully, a target, or both.
- 6. Bullying Includes spreading rumors, Intimidation, and teasing.
- Being rejected by peers makes teens feel sad and depressed, but not angry.
- 8. More than 50 students have been killed in school shootings in the past 10 years.
- 9. An important part of problem-solving is considering the consequences of each possible solution.
- 10. There is no need to tell anyone if a friend threatens to hurt someone because he or she is probably joking.

#### INTERVIEW SUPPLEMENT

Name:

Jose RAMIREZ

Date of Birth:

Date of Interview: 12/26/13

Time Started:

1043 hours

Time Ended:

1113 hours

The following is a summary of the interview. It is not meant to be verbatim and not meant to be a transcript. For specific details of the interview please see the interview transcript and/or DVD recordings of the interview.

#### **Details of Interview:**

On 12/26/13 I interviewed Jose RAMIREZ reference his friendship with Jose REYES, Detective DACH and I had learned RAMIREZ was a friend of Jose REYES's beginning when the two were in elementary school.

I escorted RAMIREZ into interview room #202 where he and I began speaking, RAMIREZ spoke freely and did not appear to have issues with dialog. I introduced myself and explained what my job was at the police department. We completed the information sheet with RAMIREZ providing much of the information. I found RAMIREZ at times would need further prompting if asked a question needing more than one reference answer. This first became evident when asked what his address was. RAMIREZ gave the apartment building address, but did not give the apartment number until asked directly. As I filled out the information sheet RAMIREZ stated his middle name was Guillermo. This was the name given to us by the family coordinator at Agnes Risley Elementary School. I went over the rules and established RAMIREZ understood each one and knew the difference between truth and a lie.

I asked RAMIREZ if he knew why he was at the police department. He stated "not much." I asked him to tell me about being friends with REYES. RAMIREZ informed me that he hung out with REYES at lunch time on most days. He and REYES met while they were attending 5<sup>th</sup> grade at Agnes Risley Elementary. They would play soccer together and both be on the defensive side.

Case #13-9953
Detective PETERSON #104
Homicide

RAMIREZ and REYES did not have any classes together in the 6<sup>th</sup> grade; however, in the 7<sup>th</sup> they had PE together. RAMIREZ recalled being in the locker room with a couple other boys. He overheard REYES telling some unknown boys to stop pulling his pants down. RAMIREZ stated this occurred approximately three times, but he could not be sure. REYES was said to have had plenty of opportunity to tell the teacher; however, he chose not to. I asked if he tried to help at all. RAMIREZ stated no, he did not and REYES would not act any differently, as he would just walk away.

REYES and RAMIREZ did not spend any time at each other's house, nor did they celebrate birthdays together. Their mothers had met while they were in school and they were friendly if they were to see each other in public; however, the two families did not socialize with each other. REYES would talk about helping his family at their family owned restaurant and things he wanted to do when he grew up. REYES did not speak of any problems within the family or with anyone at school either. For the most part he was said to have liked all of his teachers and he didn't talk about issues with those individuals either.

I asked RAMIREZ if he was worried about anything. He stated he was worried that this would happen again by other children that have been bullied. I asked him why he thought REYES had been bullied. RAMIREZ recalled Oswaldo, who is another 7<sup>th</sup> grade classmate, borrowing money from REYES on occasions, but not paying it back. REYES would not tell anyone, nor would he get upset. He would just walk away. He also said there were times when people would poke REYES in the side and REYES would get angry, but again nothing was said. RAMIREZ did not name any of the people that would poke REYES, as they would be random in the hallway.

RAMIREZ stated sometimes REYES would act odd and that he didn't know what was going on around him. He would also laugh at random times and didn't appear to "get it" like the other children. There were times where REYES would talk and RAMIREZ didn't know what he was talking about. RAMIREZ stated these however were limited. RAMIREZ never saw REYES upset or crying and if he was angry for any reason REYES would walk off and be alone. RAMIREZ would not try to help him. He would just let him cool down and when REYES felt better he would return and be "all happy."

As RAMIREZ had no other information regarding REYES being unhappy at school or at home, nor being bullied at school, we ended the interview. I thanked him for coming in and asked if I had other questions if he would come back. RAMIREZ stated he would. I escorted him back to the lobby where his parents were waiting and he left at that time.

No further information.

# SPARKS POLICE DEPARTMENT Supplemental or Continuation Report

Type of Report: Homicide, Attempted Homicide Case: 13-9953

Date/Time of Supplement: 04-22-14 @ 1500hrs Detective: Dach, K. #034

Approving Supervisor | Raplett COM | Date: 4.22.14

#### **Details of Supplement:**

#### **Oswaldo MATA GARCIA:**

On 4/22/14, at approximately 1403hrs, I conducted an audio interview with Oswaldo MATA GARCIA at Sparks Middle School located at 2275 18<sup>th</sup> Street in the conference room. I left a message for Oswaldo's mother earlier in the day to tell her about the interview.

Prior to beginning the interview, Oswaldo called his mother again and left a message in Spanish. Oswaldo told me he was near the tennis courts on 10/21/13 when he heard the gun shots. He ran westbound and left school property and went to his friend, Gabriel's house.

Oswałdo knew Jose REYES from Agnes Risley Elementary School and would sit at the same table as him during lunch. They would talk about video games. Jose and Oswaldo may have had one class together in 4<sup>th</sup> grade. During 5<sup>th</sup> grade Jose purchased a \$10.00 book for Oswaldo. Oswaldo paid him back \$15.00. They never played outside of school together and they did not play video games online because Oswaldo does not have an online account.

During 7th grade they did not have any classes together and only saw each other at lunch. During the school year Oswaldo borrowed \$1.00 from Jose on three or four differnt occasions. Jose did not mind this but when other kids saw this, they would ask for money as well and this made Jose upset.

During the beginning of the school year Oswaldo said an unknown student told Jose he looked like a "retarded Michael Jackson". Oswaldo told me this was because of Jose's facial features. Oswaldo stood up for Jose and said "shut the hell up" and they went outside.

The audio recording was put onto a CD and booked into Sparks Police Evidence as KLD-38.

No Further, K. Dach

#### **Initial Incident:**

On 10/21/13, at 7:16 a.m., Sparks Police dispatch received numerous 911 calls reporting shots fired at Sparks Middle School and a teacher down on the basketball courts. It was determined an active shooter was on the school property. The following is a timeline documenting the shooting and initial law enforcement response. The timeline is based on the following; video surveillance from the school, 911 calls, radio communications, interviews and investigative follow-up. The timeline does not include the extended investigation.

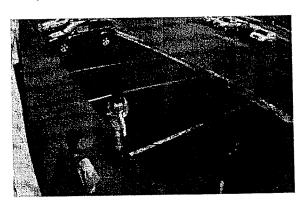

Approximately 197 law enforcement personnel responded; 48 Sparks Police Officers, 76 Reno Police Officers, 24 Washoe County Sheriff's Deputies and 4 Washoe County Forensic personnel, 16 Washoe County School Police Officers, 17 Federal Bureau of Investigation Agents, 7 Homeland Security Officers, 2 Department of Public Safety Troopers, 2 US Marshals and 1 Airport Police K9 Officer.

#### Timeline:

On 10/21/13, at approximately 6:50 a.m., 12 year old Mason KAMERER rode his scooter to Sparks Middle School and ate breakfast in the cafeteria.

At 7:05 a.m., 12 year old Kaelin GUERRERO arrived at Sparks Middle School via the school bus. He walked to the west side of the North Hall to be with his friends. This was the normal routine for Kaelin.

At 7:08 a.m., the suspect, 12 year old Jose REYES was dropped off at Sparks Middle School by his mother, Liliana URTIZ. Liliana drove Jose to school every morning. REYES walked west along the North Hall and entered the school grounds on the west side of the North Hall.

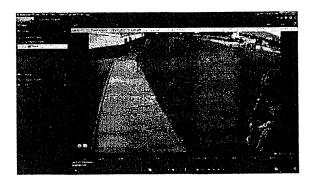

Detective: Dach, K. #034 Triplett, R. #004

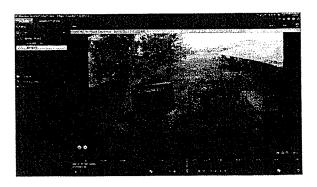

Murder, Attempted Murder

At 7:11 a.m., Mason KAMERER rode his scooter from the front of the school, around the north side of the school and stopped at the west end of the South Hall. Mason left his property there where it remained during the incident.

At 7:12 a.m., Jose REYES walked from the west end of the North Hall toward the basketball court then walked back toward the North Hall. REYES stopped just a few yards away from where Kaelin GUERRERO was standing.

At 7:13 a.m., Michael LANDSBERRY walked west through the North Courtyard to the basketball court for morning duty.

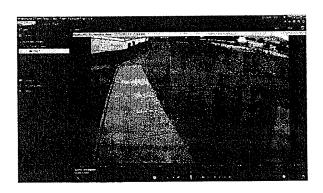

At 7:14 a.m., Jose REYES removed a Ruger 9mm handgun from his backpack and shot Kaelin GUERRERO in the left shoulder. Witnesses stated REYES cycled the slide on the handgun when he shot GUERRERO. There were conflicting statements as to whether REYES cycled the slide of the pistol before or after he shot GUERRERO. One live 9mm Luger hollow point round and one spent casing were located in the area where GUERRERO was shot.

At 7:15 a.m., REYES walked south at a fast pace to the basketball court. At the same time, Michael LANDSBERRY walked north across the basketball court towards REYES. Mr. LANDSBERRY approached REYES with his hands raised in a non-aggressive posture.

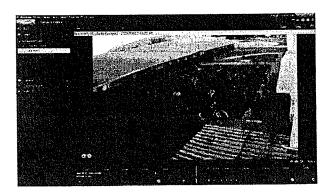

Detective: Dach, K. #034 Triplett, R. #004

Murder, Attempted Murder

REYES extended his right arm and shot Michael LANDSBERRY in the upper left side of his chest. Mr. LANDSBERRY fell immediately and was motionless. There was one bullet casing located in the area where Mr. LANDSBERRY was shot.

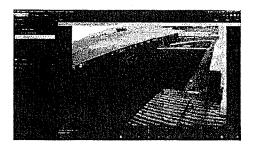

After shooting Mr. LANDSBERRY, REYES ran south and east chasing students who were fleeing east through the South Courtyard.

Detective: Dach, K. #034 Triplett, R. #004

Murder, Attempted Murder

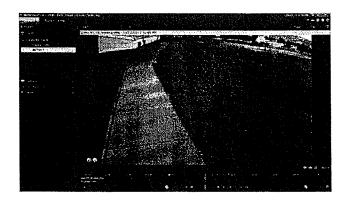

REYES walked east along the north wall of the South Hall. He stopped momentarily and pointed the gun at a small group of female students who were trapped in a door alcove on the north side of the South Hall.

REYES then continued walking east through the South Courtyard following the path of fleeing students

At 7:16 a.m., REYES fired two rounds at teacher Eric PEREZ. Mr. PEREZ was inside the East Hall. The rounds travelled through two windows of the East Hall, located at the east end of the South Courtyard. No students or faculty were injured by these rounds. There was one spent casing located in the east end of the South Courtyard. The second spent casing was not located in this area. Additionally, there were two live 9mm hollow point rounds located at the east end of the South Courtyard.

At approximately the same time, four students attempted to move Michael LANDSBERRY to safety. Vice Principal ENDRES contacted these students and told them to leave the area. One of these students was Mason KAMERER. The group of students dispersed and Mason KAMERER ran south from the basketball court.

Detective: Dach, K. #034 Triplett, R. #004

Murder, Attempted Murder

During the same time frame, GUERRERO walked into the North Hall and was assisted by substitute teacher, Karolyn HIRSCH. Ms. HIRSCH stayed with GUERRERO in the hallway until police personnel and a tactical medic arrived and escorted him outside to an ambulance.

At 7:17 a.m., REYES had reversed his direction and walked west along the north side of the South Hall. At the same time, Mason KAMERER ran into the South Courtyard towards the doors on the north side of the South Hall. KAMERER did not know REYES was the shooter and told REYES to get in the building. REYES extended his right arm and fired one shot hitting KAMERER in the stomach. REYES was standing on or near a concrete sidewalk that leads to the north doors of the South Hall. One empty casing and one live round were located on the ground in the area where REYES was standing when he shot KAMERER.

REYES then put the gun in his left hand and removed a black handgun magazine from his right pants pocket. KAMERER turned and ran west and then south around the northwest corner of the South Hall. REYES continued his action and reloaded the handgun; presumably removing the empty magazine and inserting a second one loaded with ammunition into the pistol. An empty handgun magazine with a seventeen round capacity was located on the ground in this area of the South Courtyard.

REYES then walked in a northwest direction across the South Courtyard and then north around the southwest corner of the school gym.

At 7:17 a.m., while walking northbound along the west wall of the gymnasium, REYES shot himself in the head. The pistol was in his right hand. REYES fell immediately with his head to the east and his feet to the west. Law enforcement personnel were responding but were not on scene at this time.

At 7:18 a.m., Sparks Police dispatch requested assistance from other agencies. Reno Police dispatch received a 911 call stating there was a student with a gunshot wound in the North Hall.

At 7:19 a.m., a caller told Sparks Police dispatch the shooter still had a gun and was near the basketball court.

At 7:20 a.m., Reno Police dispatch received information via phone that the shooter was in the cafeteria.

At 7:20 a.m., law enforcement officers arrived and entered the school through the east doors. The officers went directly to the cafeteria and determined there were students inside. These officers did not locate any victims or suspects in the cafeteria.

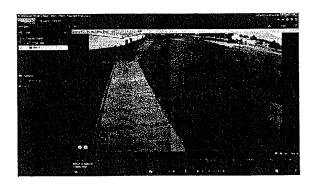

Detective: Dach, K. #034 Triplett, R. #004

Murder, Attempted Murder

At 7:21 a.m., Sparks Police received information the shooter was wearing a gray jacket with a Sparks Middle School emblem.

At 7:22 a.m., Sparks Police dispatch received information identifying the shooter as "Jose R." A Remsa medic reported a student had been shot in the stomach but did not give a location. This student was later identified as Mason KAMERER. After being shot, KAMERER ran south across the school property and exited onto Byrd Drive. A citizen stopped to assist him and medics were called to his location.

At 7:25 a.m., law enforcement officers and a Remsa tactical medic arrived at the basketball court. The medic assessed both Michael LANDSBERRY and Jose REYES.

The medic determined that Michael LANDSBERRY and Jose REYES were both deceased.

Police personnel located the following items near the body of REYES: a silver and black Ruger SR9C 9mm handgun, a Virgin Mobile Kyocera cell phone and a spent 9mm casing. REYES was clothed in a school uniform with an orange and black Ful brand backpack strapped to his back.

Detective: Dach, K. #034 Triplett, R. #004

Murder, Attempted Murder

At 7:26 a.m., law enforcement personnel accompanied by a tactical medic arrived in the North Hall and encountered Kaelin GUERRERO.

At 7:28 a.m., GUERRERO was moved to an ambulance waiting outside.

At 7:30 a.m., an evacuation of the school was initiated. Students and faculty members were directed to Agnes Risley Elementary School to be interviewed and to initiate the reunification process. Investigators from the Sparks Police Department, Washoe County Sheriff's Office, Nevada Parole and Probation and FBI conducted interviews of faculty and student witnesses prior to their release.

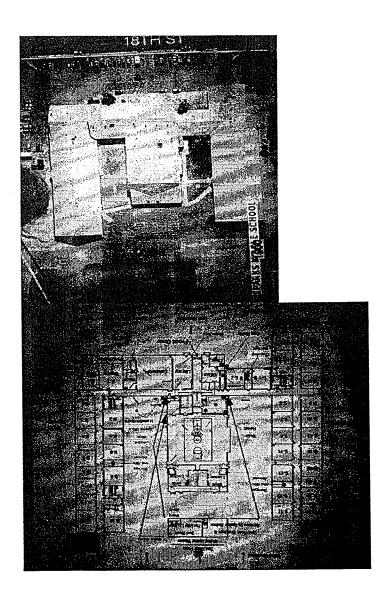

Sparks Middle School was checked for additional victims and suspects. The school and school property were deemed to be safe and secured as a crime scene. Investigators from the Forensic Investigative Services of the Washoe County Sheriff's office documented and collected evidence from the scene. Two Troopers from the Department of Public Safety utilized GPS mapping equipment to plot evidence at the school. The Sparks Police Department initiated a detailed investigation into the incident.

#### **Initial Calls:**

On 10/21/13 at 7:16 a.m., Sparks Police dispatch received numerous 911 calls stating there were shots fired at Sparks Middle School.

Teachers Pam MENTZER and Joe PAZAR called 911 and reported a teacher was down on the basketball courts and the shooter was possibly outside.

Student Julius STANKEVICIUS called 911. STANKEVICIUS was assisting Michael LANDSBERRY and told dispatch a teacher was shot on the basketball courts. A second student, Ray SANDUSKY was hiding in the South Courtyard and could be heard saying "He is coming" just before his phone was disconnected.

Teacher Sheila MCDONALD called and reported a student was shot and he was located in the North Hallway.

Reno Police dispatch received information the suspect was a Hispanic male wearing a gray jacket with a Sparks Middle School emblem on it. They were also told the shooter was in the building inside the cafeteria.

Principal Stacy COOPER saw students running, was told there was a shooting on the school property and initiated the school district emergency procedure identified as a "Code Red". Principal COOPER heard a loud noise and saw white smoke as bullets hit the concrete wall in the East Hallway. The bullets shot from outside the school, penetrated the windows and impacted the wall inside. Principal COOPER contacted the Washoe County School District Police on her handheld radio and reported the shooting.

#### Suspect:

Jose REYES-URTIZ, a 12 year old Seventh Grade student at Sparks Middle School.

## Overview of the Incident:

Monday, October 21, 2013, was the first day of school after the Fall Break. After the initial calls of a subject actively shooting at the school, approximately 197 law enforcement personnel responded. The first law enforcement personnel arrived on scene at 7:20 a.m. The video footage of the incident documents the suspect, Jose REYES, had already taken his life prior to police arrival.

Mason KAMERER rode his scooter to Sparks Middle School at 6:50 a.m. and ate breakfast in the cafeteria. After breakfast, KAMERER entered the school yard on the northwest corner of the school and made his way to the South Hall. KAMERER stored his backpack, scooter and skateboard at the west end of the South Hall. He stayed in this area with Sadie SOUZA, Clarissa CARILLO and Faith EVANS. KAMERER was in this area with his friends when the incident began.

Kaelin GUERRERO arrived at Sparks Middle School via the school bus at 7:05 a.m. He entered the school yard at the northwest corner of the school. GUERRERO walked to the south side of the North Hall near the west end. He stayed in this area with Seth SLOAN, Ian TOLLER, Courtney MONIC, MacKenzie HIGHLINE, Heaven COKER and Angela ESPINO. This was a normal routine for GUERRERO.

Jose REYES arrived at Sparks Middle School at 7:08 a.m. REYES was driven to school by his mother, Liliana URTIZ. She drove REYES to school in her 2006 Lincoln Navigator. URTIZ drove REYES to school every day. As REYES was exiting the vehicle at school, URTIZ saw a BB gun rifle partially sticking out of his backpack. He told her the BB gun was for a science project. URTIZ took the BB gun from REYES, telling him he could not take it to school. REYES did not argue. REYES got out of the car and walked towards the school. Upon returning home, URTIZ put the BB gun in Jose's room.

REYES was captured on video walking west along the north side of the North Hall. Presumably, he entered the school yard at the northwest corner of the school. He was captured on video walking between the North Hall and the basketball court, he appeared to be pacing. REYES stopped just a few yards away from where Ian TOLLER, Kaelin GUERRERO and Angel ESPINO were standing. TOLLER said "hi" to REYES. REYES did not respond and according to witnesses "started to growl at the group". GUERRERO described REYES as "spacing and not all there".

Witnesses stated REYES removed a handgun from his backpack. He had the pistol in his right hand and shot Kaelin GUERRERO in the left shoulder. Per the time log on the video footage, the time was 7:14 a.m. The bullet penetrated GUERRERO's left lung and lodged in his spine. GUERRERO did not fall. He stayed on his feet and moved away from REYES. REYES did not say anything before or after shooting GUERRERO.

Students Ian TOLLER, Vehekite AFU and Elijah WHITE all saw REYES cycle the slide of the handgun but their recollections differ about whether this was done before or after GUERRERO was shot. Student, Pedro OROZCO, said REYES tried to shoot another student after he shot GUERRERO but the gun misfired. OROZCO described REYES cycling the slide of the handgun after it misfired. The information regarding REYES cycling the slide was corroborated as one live 9mm Luger hollow point round was found in the area of this shooting. Additionally, one spent casing was located in the area where REYES shot GUERRERO.

REYES shooting GUERRERO was captured at a distance on video. REYES can be seen holding a gun with his arm extended and the muzzle flash is captured. Students in the area can be seen reacting to the shot and running away. As the other students dispersed and ran, GUERRERO stayed on the south side of the North Hall. It was approximately 1 minute and 36 seconds before someone from inside the North Hall opened the doors and let him in. He was assisted down the hall and laid down near some lockers. Substitute teacher, Karolyn HIRSCH stayed with GUERRERO in the hallway until police and a medic arrived and escorted him to an ambulance.

After shooting GUERRERO, REYES is captured on video walking south at a fast pace toward the basketball court. Teacher Michael LANDSBERRY was in the school yard for monitoring duty. Mr. LANDSBERRY was captured on video walking slowly, north on the basketball court towards REYES with his hands up and open. According to student, Julius STANKEVICIUS, Mr. LANDSBERRY talked to REYES and said "Calm down, drop the gun, put the gun down". REYES responded and said "If you don't back away right now, I'm going to shoot you".

During this contact, REYES had his right arm extended pointing the gun directly at Mr. LANDSBERRY. Mr. LANDSBERRY took one step back and Jose REYES shot Michael LANDSBERRY in the upper left chest. Mr. LANDSBERRY fell and remained lying on the basketball court. Students Alexis KELLY, Faustino PEREZ, Luis ARENAS and Seth DECASAS heard the verbal exchange before REYES shot Mr. LANDSBERRY. Teacher Ben TUCKER was walking behind Mr. LANDSBERY and witnessed this shooting.

A number of students saw REYES shoot Mr. LANDSBERRY to include; Gerardo VILLALOBOS, Seth HINCHBERGER, Marlene CHAVEZ, Michelle HERNANDEZ, Jose MEDINA, and Jonathan HILL. This list is not inclusive, many other students saw REYES shoot Mr. LANDSBERRY because their attention was drawn to REYES after the first shot.

Detective: Dach, K. #034 Triplett, R. #004

Murder, Attempted Murder

An autopsy determined Michael LANDSBERRY was shot once in the chest. The projectile traveled through his chest and exited his back; it was not recovered. The injuries caused by the gunshot were fatal. There was one bullet casing located near Mr. LANDSBERRY.

A large group of students ran into the South Courtyard attempting to enter the locked school. REYES also ran southeast from the basketball court into the South Courtyard chasing the fleeing students. REYES approached a group of female students, Alyssa REMPEL, Daizy COMEJO, Kaitlyn DICKSON, Itzel RAMIREZ and Rashell ARIAS-CRUZ. These girls were trapped in an alcove outside the locked doors on the north side of the South Hall. REYES pointed the gun at the girls. ARIAS-CRUZ, RAMIREZ and DICKSON heard REYES say "You ruined my life, now I'm going to ruin your lives". REYES did not shoot at any of these students. This contact was captured on video.

As this was happening, teachers inside the school were opening doors and some students were able to move inside. However, a number of students were trapped in the east end of the South Courtyard hiding behind an A/C vent. REYES walked away from the group of female students. He walked east through the South Courtyard toward the students hiding behind the A/C vent.

As these events were taking place in the South Courtyard, four students were attempting to pick up Mr. LANDSBERRY and carry him to safety. Vice Principal Jerry ENDRES approached these students and told them to leave Mr. LANDSBERRY and go inside. Jerry ENDRES told police he was concerned for the safety of these students and he believed Mr. LANDSBERRY was deceased. These students were identified as Julius STANKEVICIUS, Anthony CASTENEDA, Mason KAMERER and Andrew THOMPSON. The students ran from the basketball court. Julius, Anthony and Andrew ran north towards the North Hall. Mason ran south toward the South Hall.

As REYES approached the students hiding at the east end of the South Courtyard, teacher Eric PEREZ was inside the East Hall. Mr. PEREZ looked out the window and saw REYES walking with the gun in his hand. REYES pointed the gun at Mr. PEREZ and he fell to the floor to avoid being shot. Mr. PEREZ heard at least one gunshot as REYES fired at him. Students Jorge MARTINEZ and Luis ARENAS were hiding in the South Courtyard and saw REYES shoot through the windows of East Hall at Mr. PEREZ. REYES fired two rounds at Mr. PEREZ. REYES firing these rounds was captured on video. The bullets travelled through two windows in the west wall of the East Hall. The bullets struck the east wall inside the East Hall. Students were hiding outside below the damaged windows. There were two live rounds and one expended casing found in the east end of the South Courtyard.

The students hiding in the east end of the South Courtyard were not captured on video. The following students reported being trapped and trying to hide in the South Courtyard; Al-Francisco DEVERA, Luis ARENAS, Jose CAZARES, Anthony BALTAZAR, Michelle

HERNANDEZ, Kelly CLARK, Faustino PEREZ, Seth HINCHBERGER, Amairani AYALA, Michael FERRO, Omar LOPEZ-AGUILAR, Emily RAMIREZ, Vanessa HERNANDEZ, Jennifer VIZCARRIA, Jose RODARTE, Karina KUNKEL, Adrian AGUILERA, Nadine SCHABERT, Alexandra ANDERSON and Katarina BATES. REYES confronted these students and threatened them with the gun. Several students heard REYES make comments and threatening statements.

DEVERA, LOPEZ-AGUILAR, RAMIREZ and VIZCARRIA heard REYES say "You ruined my life, now I'm going to ruin your lives".

Michelle HERNANDEZ and Michael FERRO heard REYES say "You guys think this is funny?" "Making fun of me is funny?" "I'm done with everybody." FERRO said REYES talked as if he was mentally challenged.

AYALA and HINCHBERGER heard REYES say "You guys ruined my life, be quiet, I am going to ruin yours".

Vanessa HERNANDEZ heard REYES say "I'm gonna make your life miserable like you made mine".

Faustino PEREZ said REYES asked for a specific student by name but PEREZ could not remember who REYES asked for. PEREZ described REYES talking to himself during this time.

REYES did not shoot anyone or shoot directly at anyone in this group. It is possible other unidentified students were in the same area.

REYES walked west and away from these students. Mason KAMERER was running east in the South Courtyard trying to reach the doors on the north side of the South Hall. As REYES arrived at the walkway that leads to these doors, he encountered KAMERER running towards him. KAMERER did not know REYES was the shooter and told REYES "Let's get inside." REYES did not say anything. He raised his right arm and shot KAMERER in the stomach. The bullet traveled downward through KAMERER's stomach and exited after travelling through his buttocks; it was not recovered.

Luis ARENAS was still in the South Courtyard and heard KAMERER say "What did I do to you? I never did nothing to you". Faustino PEREZ saw REYES shoot KAMERER. After shooting KAMERER, REYES was captured on video reloading his handgun. He can be seen moving the gun from his right hand to his left hand. He then removed something, believed to be a second magazine, from his right pants pocket. REYES continued to manipulate the handgun using both hands. Although his specific actions are not clear on the video, the logical presumption is that REYES removed the first magazine from the gun and inserted a second

Detective: Dach, K. #034 Triplett, R. #004

Murder, Attempted Murder

magazine to reload the pistol. Faustino PEREZ and Jorge MARTINEZ described seeing REYES reload his gun after he shot KAMERER.

An empty magazine with a seventeen round capacity was left on the ground. The empty magazine, one expended casing and one live round were located on the ground near the walkway to the north doors of the South Hall; where REYES was located when he shot KAMERER.

At this point in the incident, REYES had fired a total of five rounds and four live rounds had been ejected from the firearm. Based on this evidence, it is believed the handgun used by REYES was loaded with nine rounds when the shooting started.

After being shot, Mason KAMERER ran west and then south around the northwest corner of the South Hall. He continued running until he exited the school property onto Byrd Avenue. Lou BURGARELLO, a local security company owner, who works in the Head Start Program at Agnes Risley Elementary School, was walking into the school and encountered KAMERER. KAMERER was walking west in the driveway of Agnes Risley. He asked BURGARELLO for help and said he had been shot.

Mr. BURGARELLO called for paramedics and stayed with KAMERER. While waiting for medics, Mr. BURGARELLO stopped Jason TREVINO, Deputy Chief of the Washoe County School District Police who was responding to Sparks Middle School. Deputy Chief TREVINO stopped and helped KAMERER. DC TREVINO called for medics on the radio. Remsa paramedics arrived and transported KAMERER to Renown Medical Center.

As this was transpiring, video footage depicts REYES holding the pistol in his right hand and walking north and west across the South Courtyard. He continues north around the southwest corner of the gymnasium. At this point, a different video camera tracked his movement. Video footage depicts him walking alone northbound on the west side of the gymnasium. With the exception of Mr. LANDSBERRY, who was lying motionless on the basketball court, the schoolyard was clear of students and teachers.

REYES continued to walk north, raised the pistol to the right side of his head and shot himself. REYES fell instantly with his head to the east and his feet to the west. Per the time log on the video footage, the time was 7:17:54 a.m. The actual incident lasted between three and four minutes. The first law enforcement officers did not arrive on scene until 7:20 a.m.

REYES was dressed in his school uniform and wearing his orange and black Ful brand backpack. His Virgin Mobile Kyocera cell phone and the Ruger 9mm handgun were located next to his body. The gun was found to be a Ruger SR9C 9mm semi-automatic pistol, serial number #332-04142. One spent casing was found near REYES. The handgun was found with a spent casing in the chamber and one live round in the magazine. Based on this finding, it is

Detective: Dach, K. #034 Triplett, R. #004

believed the magazine contained two rounds when it was loaded into the weapon. The autopsy determined that REYES was shot in the right side of the head; the injuries were fatal. The bullet exited on the left side of the head. The projectile was not recovered.

Multiple law enforcement personnel and Tactical Medic Matt DIXON cleared the school and surrounding areas. Jose REYES and Michael LANDSBERRY were located. Medic DIXON assessed both subjects and determined they were deceased. Kaelin GUERRERO was located in the North Hall. Tactical Medic DIXON assessed him. Kaelin GUERRERO was escorted outside the school to be treated and transported by Remsa paramedics. He was transported by Remsa to Renown Medical Center for treatment.

After Sparks Middle School was cleared, all students and personnel were directed to either Agnes Risley Elementary School or Sparks High School. Sparks Police arranged for all identified witnesses from the school to be interviewed at Agnes Risley Elementary School. Students and staff members that did not witness the incident were transported to Sparks High School to be reunited with their parents and/or family members.

The crime scene was secured. Washoe County Sheriff's Office Forensic Investigators processed the scene. Troopers from the Department of Public Safety used GPS marking equipment to plot the evidence in the scene.

## Interview w/ Parents of Jose REYES 10/21/13:

Jose REYES-MANDUJANO, Jose REYES' father, responded to Sparks Middle School on the morning of the shooting. He contacted law enforcement personnel to report his belief that his son was involved in the shooting. Liliana URTIZ, Jose REYES' mother, arrived at Sparks Middle School a short time later. They were referred to the Sparks Police and drove themselves to the Sparks Police Department to be interviewed. It was determined a Spanish translator was needed to interview Liliana URTIZ. Both parents were interviewed.

Prior to the interview, Jose REYES-MANDUJANO and Liliana URTIZ were in an interview room by themselves. The parents were told that their son was deceased. The following is an overview of what was discussed. Both parents were obviously distraught upon receiving the news regarding the death of their son.

Liliana said several times "I knew this was going to happen." Liliana told Jose REYES-MANDUJANO, "I always knew something was going to happen, I didn't do anything" taken to mean she didn't do anything to prevent the incident.

Despite having knowledge something was going to happen with her son, she said she never believed something like the shooting at the school would happen. Jose REYES-MANDUJANO

Detective: Dach, K. #034 Triplett, R. #004

Murder, Attempted Murder

told Liliana URTIZ (seemingly about the gun), "He didn't know... He didn't know where they were, it's been more than a year that I've had it."

## Interview: Liliana URTIZ

Liliana URTIZ said nothing unusual occurred that morning at home. Jose got up and got ready for school like normal. He did not say anything out of the ordinary. She did not notice anything different about his behavior other than he asked her to comb or brush his hair.

Liliana confirmed she drove Jose to school that morning. During the drive, nothing unusual was said and Jose did not do anything that made her think anything was wrong. Prior to him getting out of the car at the school, she saw he had his BB gun rifle in his backpack. She asked why he had it with him. Jose told her it was for a science project. Liliana took the BB gun from him. She told him he could not take it to school unless she received a note from his teacher asking that he bring it to class. Jose did not contest this or argue with her. He got out of the car and walked towards the school. Liliana did not look in or attempt to look in his backpack. She explained the BB gun was used as a toy by her son and he had never fired bb's with it.

Liliana returned home and called her husband and told him about the BB gun incident. Shortly after, Liliana received a phone call from her sister, Rosie URTIZ. Rosie had attempted to drop off her daughter, Jaquelin AMBRIZ at Sparks Middle School and learned that an incident involving an armed person occurred at the school. Rosie asked Liliana about Jose being at school. Rosie told Liliana, she and Jaquelin tried to call Jose, but he did not answer. Liliana called her husband and told him about the incident at the school. He went to the school.

Liliana noticed the cereal boxes on top of the refrigerator had been moved. She knew her husband had two handguns stored in the cupboard above the refrigerator. She looked in the cupboard and found one of the handguns and case was missing. She could not explain why she thought she should check the guns. Her husband called her from the school and said he could not find their son. She asked him if he had taken the gun. He said he had not. Liliana said her son did not know how to use the weapons and he did not know where they were kept in the house.

According to Liliana, her husband then made contact with someone at the school and said he believed their son was involved. Liliana drove to the area of Sparks Middle School and met her husband. Both believed their son was involved after learning that a weapon was missing from their home.

Liliana said Jose started at Sparks Middle School this year. She was aware of two problems Jose had at school with other students. She said some students tried to manipulate Jose to give them money. He did give kids some money but stopped this himself telling the other students he was

Detective: Dach, K. #034 Triplett, R. #004

Murder, Attempted Murder

not allowed to do so. There was an incident when Jose was drinking something and another kid spilled the drink on him and teased him for "peeing" his pants. Liliana said this incident really upset Jose. Jose did not name the kids involved in either incident and it had been several weeks, dating back to September, since he talked about these issues. She believed Jose was upset with one kid in particular. She did not know who that was and Jose did not tell her the student's name.

Liliana said her husband took their son to see a psychologist, identified as Dr. Garen MIRZAIAN, on Friday 10/18/13. She explained Jose always had a speech problem and had received consistent testing since starting school in Kindergarten. She said Jose did not relate well to other kids in elementary school because he could not express himself. She said there was speculation he was Autistic. Liliana said Jose was in special classes to help him in school. She also explained Jose did not have the mentality of a twelve year old boy meaning he was not at that maturity level.

In the session with Dr. MIRZAIAN, Jose talked about problems in school including kids calling him "gay" and being teased about "peeing" his pants. Dr. MIRZAIAN told her husband that Jose was depressed and having issues at school. Dr. MIRZAIAN said Jose exhibited behaviors similar to Autism. However, he did not specifically diagnose Jose with Autism. Jose was prescribed Prozac which he started taking on 10/19/13. Jose took a total of three Prozac pills as prescribed by Dr. MIRZAIAN. Jose took one pill on Saturday 10/19/13, one on Sunday 10/20/13 and one on Monday 10/21/13. Liliana did not notice any distinct behavior change in Jose after he started taking the Prozac.

Liliana and her husband did not have any follow-up conversations with their son about his problems at school. At one point, she was crying due to the doctor's comments about Jose possibly being Autistic. Jose saw this and told her not to be upset because the doctor was going to help him. Jose was scheduled to start group therapy on Thursday 10/24.

Liliana said Jose owned and played video games regularly but not excessively. She described some of the games having violent content. She said she had talked to Jose about the violent games and he understood that they were fictional. The controllers for the X-box video console were the standard controllers and not the firearm simulators.

## **Interview: Jose REYES-MANDUJANO**

Jose REYES-MANDUJANO said he got up usually between 5:00 and 5:30 am. His son was usually sleeping when REYES-MANDUJANO left for work. On the day of the shooting, Jose was in the shower when his father left for work which was unusual. REYES-MANDUJANO believed Jose was being responsible getting up early for school. He spoke to Jose through the door and Jose responded.

Detective: Dach, K. #034 Triplett, R. #004

Murder, Attempted Murder

The interview with Jose REYES-MANDUJANO confirmed much of the information provided by his wife. REYES-MANDUJANO said his son was Autistic and had a speech problem. He believed his son would always be Autistic but that Jose could live a normal life. He believed his son was behaving more normally and was more social as he got older. REYES-MANDUJANO believed there were no problems for his son in elementary school. He believed middle school was different because kids "messed" with Jose and were rude to him.

REYES-MANDUJANO confirmed taking Jose to Dr. MIRZAIAN on 10/18. He and his wife wanted to find assistance for Jose. REYES-MANDUJANO was unaware Jose had any specific problems at school until he took Jose to see Dr. MIRZAIAN. During the appointment, REYES-MANDUJANO learned that Jose was upset about being teased and called "gay" at school. He also learned about the incident where a student spilled water on Jose and teased him for "peeing" his pants. REYES-MANDUJANO described Jose crying while discussing these issues with the doctor. Prior to this, his son never reported having any issues at school to his father. REYES-MANDUJANO frequently asked his son about school and how things were going at school. Jose always responded that things were good or fine at school.

REYES-MANDUJANO confirmed owning two handguns. Both guns were given to him by a friend. He described them as a .357 revolver and a 9mm. He said they were both stored with some ammunition on a shelf in the cupboard above the refrigerator. He did not believe Jose or his daughters knew where the guns were stored. REYES-MANDUJANO said he had owned the guns for two years. He confirmed Jose had never been shown the weapons, did not know how to use either one and had never shot either one.

REYES-MANDUJANO said his wife called him and told him Jose had tried to take his BB gun to school. He learned there was an issue at the school when his wife called him and told him about it. He went to the school and could not find Jose at school. He called his wife and they determined the 9mm handgun was missing from their home. He didn't want to believe his son was involved. However, because a gun was missing from his home he told a Washoe County deputy at the school his son was possibly involved. REYES-MANDUJANO did not know why his son would take a gun to school.

After speaking to the deputy, REYES-MANDUJANO spoke to Reno Police Detective Sergeant SALTER. He told Sergeant SALTER he believed his son was involved in the shooting. REYES-MANDUJANO told Sgt. SALTER that his son was borderline Autistic and not doing well in middle school due to being bullied and picked on.

After the interviews, URTIZ and REYES-MANDUJANO were alone in an interview room. URTIZ said she told the detectives everything, including the information about Jose trying to take the BB gun rifle to school earlier that day. She said she told the detectives about the gun, meaning the gun(s) in the house, referring to it as "That damned gun." REYES-MANDUJANO

Detective: Dach, K. #034 Triplett, R. #004

Murder, Attempted Murder

advised her that he told detectives about having the guns. He also asked her if she believed Jose being depressed was ultimately responsible for what happened. URTIZ did not reply.

## **Information from Dr. MIRZAIAN:**

Dr. MIRZAIAN's office confirmed that Jose REYES attended a session on 10/18/13. According to Dr. MIRZAIAN's notes, Jose showed symptoms of a depressive disorder, experienced feelings of inadequacy in his family and felt he was not meeting family expectations. Additionally, Jose was upset about being teased at school. Jose spoke specifically about being called gay and being teased about "peeing" his pants. Jose was prescribed Prozac at 10 mg per dose 1 dose per day. He was scheduled to start group therapy on Thursday 10/24/13.

Per Dr. ANDERSON, Toxicologist from NMS lab, at autopsy Jose REYES had a level of a generic form of Prozac, Fluoxetine in his system commiserate with the prescription given by Dr. MIRZAIAN.

# Criminal History-Jose REYES-MANDUJANO and Liliana URTIZ:

Detectives researched the criminal history of Jose REYES-MANDUJANO and Liliana URTIZ. Liliana URTIZ had no criminal history. REYES-MANDUJANO's only criminal history was related to a Child Abuse case taken by the Sparks Police Department in January 2012, Case #12-1065. Research of SPD Case # 12-1065, determined Jose REYES was listed as the victim of Child Abuse where his father struck him in the face.

On 2/2/12, Jose REYES-MANDUJANO reported striking his son to school officials at Agnes Risley Elementary School. Jose REYES had a visible injury to his face. SPD officers responded to investigate. Jose REYES-MUNDAJUNO said he and his son got into an argument after returning home from buying a video game. Jose REYES had difficulty counting his money at the store and REYES-MUNDAJUNO was trying to help him at home. REYES became upset and hit his father. REYES-MUNDAJUNO hit his son out of anger causing an injury. Jose REYES-MUNDAJUNO was arrested for Child Abuse. The disposition for the case showed that the case was negotiated down to a misdemeanor on 5/23/12.

## **Criminal History-Jose REYES:**

Jose REYES had no history of contact with law enforcement or the juvenile justice system.

In the days after the shooting, Sparks Police detectives and Washoe County School District Police personnel searched the locker assigned to Jose REYES. The locker was empty.

#### **Weapon Trace Information:**

The weapon used in this incident was traced through the ATF. The trace determined the gun was originally sold at a local sporting goods store, "Mark Fore and Strike". Detectives learned that Jose REYES-MANDUJANO received the gun as a gift from a friend, identified as John DUNN. Mr. DUNN spoke with detectives and confirmed that he bought the gun from a party representing the original purchaser after the original owner passed away. This information was corroborated by detectives.

Detectives learned that John DUNN had given Jose REYES-MANDUJANO a second gun, a Smith and Wesson .357 revolver.

The Washoe County Crime lab conducted a function test on the Ruger 9mm handgun and it fired correctly using both magazines.

#### **Electronic Items:**

A warrant was obtained for the electronic items removed from the REYES home to include the X-Box game console. Additionally, a warrant was obtained for Jose REYES' cell phone. The following is a summary of the information located in forensic searches of these electronic items:

The X-Box did not have any relevant data on it.

The NABI Android Electronic Tablet could not be accessed due to a password issue. According to Liliana URTIZ and Jose REYES-MANDUJANO, the tablet did not have a password and was primarily used by their daughters.

The Kyocera phone was found to store 2,006 photo images. Many of these were snapshot images of websites which were visited on the phone. There were several points of interest located in these photos which correlated to internet searches. There were multiple images of

violent war scenes and numerous logos and advertisements for the video game Grand Theft Auto 5. Pictures of Dylan KLIEBOLD and Eric HARRIS armed inside Columbine High School were located as was a picture of Ohio school shooter TJ LANG. The snapshots and actual searches could not be dated.

The Toshiba Laptop was the family computer used by all members of the REYES family. The computer settings did not require individual passwords for access making it impossible to definitively identify who in the REYES family completed specific searches. However, detectives found some search history on the computer similar in theme to some of the search snapshots stored on REYES' cell phone. Liliana URTIZ and Jose REYES-MANDUJANO were unaware that topics related to school violence, past school shootings, bullying and violent children were searched on the family computer.

The following are case relevant internet searches conducted on the Toshiba laptop between the months of April 2013 and October 2013. This list is not all inclusive.

#### School Files/Records:

A warrant was issued to collect all school records related to Michael LANDSBERRY, Kaelin GUERRERO, Mason KAMERER and Jose REYES. The following is a summary of information pertinent to this case.

Michael LANDSBERRY did not have any documented contact with REYES, KAMERER or GUERRERO.

Mason KAMERER attended Lena Juniper Elementary School and Sun Valley Elementary School before enrolling at Sparks Middle School. He did not attend elementary school with Jose REYES. There were no documented incidents of negative interaction or conflict between KAMERER and REYES at Sparks Middle School or anywhere else.

Kaelin GUERRERO previously attended Virginia Palmer Elementary School and Bernice Mathews Elementary School. He did not attend elementary school with Jose REYES. There were no documented incidents of negative interaction or conflict between GUERRERO and REYES at Sparks Middle School or anywhere else.

Jose REYES attended Kate Smith Elementary School in Kindergarten and First Grade. He attended Agnes Risley Elementary School from Second through Sixth Grade. There were no documented incidents of negative interaction or conflict with KAMERER or GUERRERO at Sparks Middle School. REYES was not a student in any classes taught by Mr. LANDSBERRY.

Detective: Dach, K. #034 Triplett, R. #004

There were no documented incidents of the school staff receiving reports from REYES or about REYES having any issues or problems with other students at Sparks Middle School.

#### Teachers and Staff observations:

Detectives contacted and interviewed the teachers, counselors and related staff members that were involved in the school experience of Jose REYES from Second Grade through Seventh Grade. Jose was generally described by the teachers as a happy, likeable student who was always smiling. There were concerns which are outlined below.

Roben CALLAGHAN, Jose's Third Grade teacher, said Jose was sensitive and would cry easily.

Christine BARTLETT, Jose's teacher for Fourth and Fifth Grade, thought Jose was possibly Autistic. Ms. BARTLETT said Jose did not like loud noises or the stimulus of the lunch room. He stayed in the classroom during lunch. Ms. BARTLETT tried to get REYES into an Independent Life Skills class.

Catherine ALLEN, Jose's Fifth Grade teacher, said Jose needed a structured schedule and he would tell her if she was starting class late or not staying on schedule. Ms. ALLEN noticed a change in Jose in Fifth Grade because Jose began to realize he was academically behind the other students in class. He would become angry when he took longer than other students to complete assignments. Ms. ALLEN said Jose would help other kids on the playground that fell and would ask if they needed help getting to the nurse's office.

Karen HINTZ, Jose's Sixth Grade Special Education teacher, was worried about Jose transitioning to middle school and scheduled a meeting with former Head of Special Education at Sparks Middle School, Victoria HARDY. The meeting was cancelled. She described Jose having a severe speech impediment but said he had high information retention ability when writing. She believed Jose could learn things quickly but he was socially unable to interact normally. Ms. HINTZ believed Jose suffered from more than a learning disability. She approached the school psychologist, Jair MORALES, about potential Autism strategies for Jose. Mr. MORALES told her Jose was tested in 2011 and did not qualify for those services.

Ms. HINTZ was worried about Jose believing people were laughing at him when they were not. She witnessed times when Jose would cry because other kids were laughing while playing

Case #13-9953

Detective: Dach, K. #034 Triplett, R. #004

Murder, Attempted Murder

games. Ms. HINTZ said Liliana URTIZ told her Jose almost died at birth and he had issues throughout his life.

Kim CROWLEY, Jose's Sixth Grade teacher, said Jose would get upset at himself when he did something wrong. Ms. CROWLEY gave an example of Jose failing to turn in a homework assignment and she marked him down accordingly. Jose was upset and did not speak to her for four days. Ms. CROWLEY observed Jose being confused while completing writing assignments. Ms. CROWLEY said he would write down topic related words he saw around the room. The words Jose wrote down were related to the topic but they were out of context in relation to the assignments.

Ms. CROWLEY said Jose was incapable of working and functioning without help in Sixth Grade. She believed he would not succeed in middle school. She approached school psychologist, Jair MORALES, about further testing for Jose. Mr. MORALES told her Jose tested in the normal range. Ms. CROWLEY contacted a counselor from Sparks Middle School and explained she believed that Jose needed to be in a sheltered education environment. She also contacted Victoria HARDY, Head of Special Education, at Sparks Middle School. Ms. HARDY came to Agnes Risley and met with her and Jose while he was still in Sixth Grade. Ms. CROWLEY was scheduled to attend a meeting with Karen HINTZ, Ms. CROWLEY, Counselor T. SCHWEIKERT and Victoria HARDY to develop a plan for Jose to transition to middle school. Ms. CROWLEY had to take an extended leave from work and did not attend the meeting.

Judy KERSEY, Jose's Fifth and Sixth Grade Speech Therapist, was concerned Jose did not show empathy and he was socially quirky. Ms. KERSEY believed Jose exhibited behaviors consistent with Autism more than a language disorder. Ms. KERSEY explained Jose needed structure, lacked empathy and lacked social skills. She said he could not infer the intent of others in social settings and did not respond appropriately. She believed he was high functioning.

In Sixth Grade, she noticed that he struggled more with his social skills and became upset easily. She noted that Jose had angry outbursts more frequently near the end of the year. Ms. KERSEY logged the information about his outbursts and behaviors into the IEP logs for Jose. She observed that Jose did not like anyone laughing. He would incorrectly believe the person or people were laughing at him. She said Jose did not like to lose. Ms. KERSEY gave an example of a time in class when Jose lost a game and became upset. Jose yelled "I hate the world". Ms.

Detective: Dach, K. #034 Triplett, R. #004

Murder, Attempted Murder

KERSEY also described seeing a drawing on Jose's folder of a person shooting another person. At the time, she attributed this to Jose's interest in the Civil War which he was learning about in the Fifth Grade. She made him throw the folder out.

Ms. KERSEY believed middle school would be very hard for Jose because of the change in structure with students changing classes. She believed it would be hard for him to fit in at middle school with his speech impediment and his inability to interact socially. Ms. KERSEY said she believed that kids with disabilities similar to Jose were at high risk for Anxiety, Depression, Suicide and Social Disorders.

Tiffany SCHWEIKERT, Jose's 2011/2012 Counselor, was concerned about Jose adjusting to middle school. Ms. SCHWEIKERT described Jose as a sensitive kid that struggled socially and needed codling. Ms. SCHWEIKERT scheduled a meeting with Karen HINTZ, Kim CROWLEY, herself and Victoria HARDY from Sparks Middle School to develop a plan for Jose to transition to middle school. Ms. SCHWEIKERT was not able to attend the meeting. She received information that the meeting took place but no staff from Agnes Risley attended.

Pilar QUINONEZ, Jose's ESL (English as a Second Language) teacher at Agnes Risley, said Jose would get frustrated if he was corrected and yell "I hate you" to a teacher. Ms. QUINONEZ said Jose would listen to people talk and would respond to others with one word answers. Ms. QUINONEZ said Jose could not carry on conversations with the other students.

Danielle CATES, Jose's Seventh Grade Orchestra teacher, said Jose did not like public criticism. She described an incident involving Jose playing the wrong section of music. Ms. CATES went to him to explain what he was doing. In response to her correcting him, Jose yelled, "I know, I know, I'll fix it." Later that day, Ms. CATES met with Jose one on one and he was receptive to her correction. Ms. CATES described Jose as an auditory learner that could follow along when listening to music better than when he read music. She said Jose worked better in small groups so she moved him to the front of the room to make him feel like he was in a smaller class.

Ms. CATES held tryouts for Honor Society Music and was in her room with other students when Jose came in the room. He was upset because he believed he was not invited and asked why he was not invited. Ms. CATES told him he was invited and that he could try out but Jose left. Ms. CATES was concerned about Jose. She took the time to read his Individualized Education

Program (IEP) and to communicate with Jose's Special Education teacher to educate herself about his program and noted issues.

Ms. CATES confirmed that Kaelin GUERRERO and Mason KAMERER were in the same Orchestra class with Jose. She was attentive to the needs of Jose and never witnessed Mason or Kaelin treating Jose poorly.

Sue DUFVA, Jose's Seventh Grade Special Education teacher, said Jose worked hard but she believed Jose exhibited traits of Autism. She said Jose took much longer to complete tasks than other students.

None of the teachers or staff interviewed described Jose being violent or physically confrontational with students or teachers.

# Social, Developmental Background of Jose REYES:

As part of the investigation Sparks Police discussed the issues related to the suspect's developmental and educational deficiencies. A substantial amount of information related to these topics was captured in the school district testing materials related to the IEP or Individualized Education Program of Jose REYES. These records include supporting documentation and testing materials that were completed by staff, teachers and REYES' mother Liliana URTIZ. Consistent behavioral issues exhibited by REYES are documented throughout the related documents.

The following are examples of behaviors or personality traits noted in the IEP related material provided by teachers and staff members for the testing process. The bulk of this information is related to his elementary school experience.

Jose is emotional and cries easily.

Jose "will cry if he is confused" instead of asking for help.

Jose appears like "he's in his own thoughts".

Jose sometimes loses his temper to easy.

He worries about things that can't be changed.

Is nervous, is fearful, seems lonely, is easily upset.

Is sad, is negative about things, is pessimistic.

Complains about being teased.

Acts without thinking, has poor self-control.

Plays alone and avoids other children.

Jose seems unaware of others.

Jose rocks back and forth, hits himself, moves his eyes back and forth when asked a question.

Jose has significant difficulty following two-step directions.

Jose generally seems disconnected from his surroundings.

Liliana URTIZ provided the following information related to Jose's behavior and personality in documentation she provided for the testing processes:

Jose REYES-URTIZ was born on July 2, 2001 in Reno, NV. During birth, the umbilical cord was wrapped around his neck. He did not speak until he was almost 5 years old. He began speech therapy classes when he started Kindergarten. Jose was a happy child and was very close to his mother. He tried martial arts and soccer but these sports had too much physical contact and he did not participate in them very long.

Jose had witnessed violence in the home.

He had to have things in a certain order.

Was nervous, restless, easily distracted and timid.

Jose sometimes acted without thinking and acted out of control.

Jose had poor self-control, lost his temper too easy.

Was fearful, worried and acted strangely.

He acted confused and said things that did not make sense.

His moods changed quickly.

# Meeting with FBI members of Behavioral Analysis Unit:

Sparks PD detective supervisors met with members of the FBI Behavioral Analysis Unit for a case staffing. During this staffing, information was shared about the case and advice was provided on the common findings and behavior of suspects in similar incidents. A strategy and direction for follow up interviews with the suspect's parents were developed. The following is a list of important subject matters that were discussed:

- Jose's activities during the school break.
- Familiarity with guns in general and the weapon used in the shooting specifically.
- Sexual interest of Jose.
- Potential precursors predicting the shooting to include, fantasy writings or drawings.

Detective: Dach, K. #034 Triplett, R. #004

- Determine if Jose had viewed the school district's anti-bullying video(s).
- Identify potential signs of depression and/or suicidal behavior.
- Explore the possibility that Jose displayed signs and symptoms of Autism.
- Identify if Jose had done research on prior school shooting events.
- Identify any recent potential stressors for Jose.

# Second Interview with Parents of Jose REYES:

Sparks PD detectives re-interviewed REYES' parents with translation assistance of special agents from the local FBI office. Jose REYES-MANDUJANO and Liliana URTIZ were accompanied by legal representatives and interviewed separately. The following points of interest were obtained during the interview with Liliana URTIZ and Jose REYES-MANDUJANO:

- Neither parent reported having any concerns about Jose being mistreated at school.
- Liliana was aware that Jose was teased after having water spilled on him and that kids manipulated him for money.
- Jose REYES-MANDUJANO confirmed that Jose did discuss being teased and bothered by kids during his counseling appointment.
- Neither parent talked to Jose about being picked on at school after the appointment.
- Both described him has a normal, happy child that enjoyed his family and school.
- Neither described him acting out in anger or being violent.
- Neither parent described Jose playing video games to excess but both said Jose played video games daily.
- His mother said Jose understood the video games were fiction.
- Each described his difficulty in school as a speech problem not a learning problem.
- His mother said Jose did not play sports because he did not like the contact involved.
- His father said they put Jose in a martial arts class but he quit going because he did not like the contact involved; this was corroborated by Liliana URTIZ.
- Both said Jose was not familiar with firearms, had never been shown how to manipulate either gun in their home and never shot either gun.
- They did not believe that Jose knew where the guns were stored in their new home.
- The guns were kept in the same place in both homes, in a cupboard over the refrigerator.
- Both described Jose as caring and helpful at home and at the family restaurant.
- Both said he stayed home alone frequently.
- Both said Jose stayed home alone several times during the week before the shooting, including Sunday October 20th.
- Jose REYES-MANDUJANO denied there being any domestic violence in the home.
- Liliana URTIZ would not discuss that topic.
- Both said they did not use spanking as discipline for their children.

Detective: Dach, K. #034 Triplett, R. #004

Murder, Attempted Murder

Liliana URTIZ was aware that Jose searched things on the family computer and watched things on "YouTube". She did not monitor this activity while he was searching or using the computer. She did not check the computer history to learn what he was searching on the computer.

At the conclusion of the interviews, REYES-MANDUJANO and URTIZ and their lawyers were brought together and allowed to read the notes Jose left in his notebook. When asked to interpret the notes, REYES-MANDUJANO said it was obvious that Jose was treated poorly at school. When he was asked about the note that addressed his family, REYES-MANDUJANO said the note was simply Jose telling his family he loved them.

During the interviews, detectives followed up on the information regarding domestic violence in the REYES family. Neither parent would discuss the domestic violence topic in detail. Detectives had information that REYES-MANDUJANO and URTIZ had separated for a short time. Both were asked about a separation in the interviews. URTIZ confirmed her husband REYES-MANDUJANO had moved out for a brief time.

Detectives asked clarifying questions about Jose's familiarity with the weapons and if he had ever shot either weapon with his father or anyone else. Jose REYES-MANDUJANO and Liliana URTIZ answered separately and definitively that their son Jose REYES knew nothing about guns in general, had no familiarity with either weapon in the home and had never shot any firearm to include the one used in the incident. Neither parent believed Jose knew where the guns were stored in their new apartment.

It was the consensus of those involved in the interviews and those who viewed the interviews that both parents were forthright with information but guarded and hesitant to honestly discuss Jose's developmental issues and his problems with learning and social interaction.

# **Anti-Bullying Videos:**

Detectives learned students at Sparks Middle School viewed two professional video documentaries about bullying provided by the Washoe County School District as part of the school district's anti-bullying program. The students were sent home with "passive" permission slips and instructions for parents to sign the slip and send it back to school in the event a parent(s) did not want their child to watch the video. The school did not receive any denials from parents.

A film titled "Teen Truth" was shown on 9/13/13. Jose REYES was present at school on 9/13/13. The video focuses on high school but recognizes the issues related to bullying in school are problems for teenagers in general. The film identifies and describes the potential impacts of bullying on students that are mistreated at school, to include; isolation, anxiety and anger. It also focuses on the behaviors identified as bullying that adolescents engage in at school, to include;

Detective: Dach, K. #034 Triplett, R. #004

Murder, Attempted Murder

exclusion, spreading rumors, intimidation, and teasing. The possibility that a victim of bullying may resort to school violence is prevalent in the film. The film provides statistical information about bullying and school shootings. Actual footage of the suspects inside Columbine High School is shown in the movie.

A part of the film is narration by a student actor portraying a victim of bullying. The camera view simulates seeing through the narrator's eyes. The narrator gives information about being bullied or mistreated and how it has made him feel. The actions of the narrator/victim are not continuous in the film. The film moves back and forth between providing information, the narrator's actions and interviews with students and professionals speaking about bullying. The narrator/victim boards a school bus with a backpack. As the film progresses, the narrator arrives at school and walks through other students. The narrator continues talking about his thoughts and feelings and he enters a school building. The narrator/actor removes a handgun from his backpack and shoots another student. As the film is ending, the narrator/victim talks about wishing he could go back in time to change things in the past and his actions are reversed moving backward from the point of the shooting.

The film ends with a clear message that being the victim of bullying or any mistreatment does not justify hurting another person. Potential remedies to the problem of bullying are outlined in the movie. Additionally, the film is part of a packet that includes student activities to be completed in conjunction with watching the film. In checking with the school, these activities were not completed in the class that Jose REYES was in when he viewed the film.

The second video titled "Bully" was shown on Friday 10/11/13. Jose REYES was present at school on 10/11/13 when the video was presented to the student body.

This video depicts five different stories documenting the experiences of students being harassed and bullied in school. One is about a boy who was picked last in PE, consistently teased and had his head pushed into a locker. The child later hung himself. A second story is about a female student who was being harassed and bullied. She took her mom's gun onto the school bus and threatened the other children. She did not harm anyone but was arrested and spent over three months incarcerated. A third story is about a child who was constantly harassed at school. He was hit and stabbed with pencils, punched and pushed and the other students called him names. The impact this had on the boy and his family is presented in the video. Another story is about a female student who was homosexual. She was alienated by the other students and only had a few friends. The video referenced a Facebook page "Stand for the Silent".

# **Teasing & Bullying Allegations:**

A detective was assigned to review all media interviews and/or statements given by students or staff members reporting alleged incidents of bullying or teasing related to Jose REYES at Sparks

Detective: Dach, K. #034 Triplett, R. #004

Murder, Attempted Murder

Middle School. Several individuals gave information to media sources about REYES being bullied in direct conflict with their statements to law enforcement immediately after the incident. The individuals featured in the media reports were identified and asked specifically about these allegations. Some students that mentioned bullying or teasing in their original interviews were re-contacted. Listed below are the results of those efforts.

In Sixth Grade, REYES was reading at a lower level than other students and fellow students teased him about it. This incident did not involve either Mason KAMERER or Kaelin GUERERO.

Student, Bellen PONCE, reported witnessing Kaelin GUERERO tell REYES that he did not have the muscles for PE during PE class. She also reported someone pushed REYES during this incident. PONCE did not remember who pushed REYES. This reportedly happened once.

At the beginning of the school year, REYES was in the PE locker room drinking from a bottle and another student hit the bottle causing the water to spill on his pants. Several students began teasing REYES about "peeing" his pants. This possibly occurred during the second week of school.

Kaelin GUERERO and Seth SLOAN were identified as being involved in this incident. Both were interviewed and gave conflicting accounts about what happened. GUERRERO originally said kids were having a water fight in the locker room and REYES got water on his pants. GUERRERO said SLOAN teased REYES about "peeing his pants". REYES was upset and acted as if he was going to cry. GUERRERO said everyone in PE was laughing about the incident. SLOAN said GUERRERO spilled water on REYES during a water fight in PE class. The other boys teased REYES about it saying it looked like he had urinated in his pants. GUERRERO was re-interviewed. GUERRERO said REYES was drinking water when SLOAN tipped the bottle causing the water to spill on REYES and then students were teasing him about urinating in his pants.

Detectives confirmed the incident happened but obtained conflicting information about the specific actions of GUERRERO and SLOAN. No other students could provide definitive information about the specifics of this situation. It is clear, at the beginning of the school year REYES was in the PE locker room with several other boys. He was drinking water and someone, SLOAN or GUERRERO, hit the water bottle causing the water to spill on him. REYES was then subjected to teasing and laughter by the other students saying that he had urinated in his pants.

Student, Luisa CABRERA, said she had PE class with Jose REYES and Kaelin GUERRERO. She said she witnessed Kaelin GUERRERO pick on REYES in PE. She described this as

Detective: Dach, K. #034 Triplett, R. #004

Murder, Attempted Murder

GUERRERO calling REYES names in class. CABRERA could not remember what names GUERRERO called REYES. CABRERA gave this information in her initial interview immediately after the incident. She could not provide any specifics about this behavior.

Student Jose RAMIREZ became friends with REYES in elementary school. At Sparks Middle School they socialized and had PE together. On several occasions in the PE locker room, RAMIREZ heard REYES tell other kids to stop pulling down his pants. He estimated this happened three times. RAMIREZ believed that REYES was bullied as school. In addition to people pulling down REYES' pants in PE, a Seventh Grade student name Oswaldo, identified as Oswaldo MATA-GARCIA, borrowed money from REYES and did not pay it back. This happened more than once. RAMIREZ described other students poking REYES in the side making him angry. RAMIREZ did not provide specifics about who was involved in these incidents. RAMIREZ said REYES did not tell anyone about these incidents.

PE Teacher, Gordon MCGREGOR, was interviewed about this information. Mr. MCGREGOR had no information about these incidents and said this information was never reported to him.

Student, Amaya NEWTON, said she did not have any knowledge of REYES being bullied or picked on. She did report on one occasion she saw someone trip REYES in the hallway. She could not provide any specifics about who tripped REYES. NEWTON said a female student who she believed was REYES' cousin said he had Autism.

Student, Alexis KELLY was asked specifically if she had any information about Kaelin GUERRERO bullying Jose REYES. She heard GUERRERO bullied REYES but never witnessed anything herself. GUERRERO did make fun of REYES and he and REYES did not get along. She heard REYES was teased the week before the Fall Break but had no specific information about what occurred.

Alexis KELLY said Brandon SOUDERS told REYES that he had no friends. She described SOUDERS being "mean" to REYES and said this happened frequently. These events allegedly occurred in Math class. KELLY said she reported this to the teacher, Ms. WILSON and SOUDERS was sent to the office. The teacher, Andrea WILSON, was asked about this information. She never witnessed SOUDERS or any other student teasing REYES or treating him poorly. Ms. WILSON never received any report or information that this was occurring. Ms. WILSON said SOUDERS was sent to the office because of an issue involving him and Seth SLOAN.

Student, Brandon SOUDERS, described REYES as a nice kid that worked hard in school and got good grades. He said REYES stuttered and had difficulty pronouncing big words. SOUDERS said kids made fun of the way REYES spoke. SOUDERS had witnessed Kaelin GUERRERO

Detective: Dach, K. #034 Triplett, R. #004

Murder, Attempted Murder

tease REYES about the way he talked. SOUDERS could not remember the last time he saw this happen. SOUDERS did not provide any information about teasing REYES himself.

Student, Valerie SERNA said she knew Jose REYES and saw him shoot Mr. LANDSBERRY. She described REYES as a good student and said they had English together. SERNA described REYES having a "squeaky" voice and an odd speech pattern. She said kids teased him about his voice and speech pattern. SERNA said other students would walk by REYES in the halls and call him "retarded" or "stupid". She did not have any specifics about who was involved in this behavior or any particular incident.

Student, Oswaldo MATA-GARCIA, confirmed that he had borrowed money from REYES. He said he and REYES were friends. On four different occasions he borrowed a dollar at lunch from REYES. When this happened other students tried to convince REYES to give them money. Oswaldo did not pay REYES back. MATA-GARCIA said at the beginning of the school year another student told REYES he looked like a "Retarded Michael Jackson". MATA-GARCIA stood up for REYES and told the other student to shut up.

Students and teachers reported, on a few occasions a student or a teacher would laugh and REYES would perceive they were laughing at him and get angry.

Mason KAMERER was interviewed and asked about teasing REYES. KAMERER said he did not see anyone tease REYES. He said if he would have seen this he would have defended REYES. KAMERER described REYES as "kind of his friend" and said they had Orchestra class together. He described REYES as "a little mentally retarded" and "argumentative".

Jaquelin AMBRIZ is the 12 year old cousin of Jose REYES and was a student at Sparks Middle School. She originally told family members and detectives REYES had been bullied at school. AMBRIZ was interviewed twice. The first interview occurred on the day of the shooting.

AMBRIZ said that other students would make fun of REYES until she walked up and then they would stop. REYES was not present when the students would do this. She heard that REYES had daily problems with one male student but she did not know the name of that student and did not witness anything happen.

In a second interview with detectives on 2/3/14, AMBRIZ said she could not give any specific information that indicated that REYES was bullied at school. AMBRIZ said on several occasions she overheard students say REYES was "mental". She always told students not to say that about him. She did not know if REYES heard the comments. AMBRIZ described an incident that happened after school while she and REYES were waiting for Liliana URTIZ to pick them up. One time, a small group of students called REYES to them and began making fun of him, mocking the way he talked.

Detective: Dach, K. #034 Triplett, R. #004

Murder, Attempted Murder

Student, Justin GIPSON, said that he heard that REYES cried during PE class. GIPOSON never witnessed this happen. He heard it happened from other students.

No one provided any information about seeing or hearing about REYES being called "gay". No one provided any information about REYES being teased about being "gay".

While researching this information, detectives learned of an incident that involved Alexis KELLY, Seth SLOAN, Daisha HENDERSON and Taylor OLIVER. KELLY, HENDERSON and OLIVER were involved in a physical altercation with SLOAN at school. They had to attend a bullying class at school because of this altercation.

Detective's identified the students that attended the bullying class at Sparks Middle School. REYES, KAMERER and GUERRERO did not attend the class.

## **Conclusion:**

The investigation of the school shooting on October 21, 2013 did not identify a clear catalyst or motive for the actions of Jose REYES.

No evidence was identified that indicated REYES was bullied by the definition of state law. However, it is clear on numerous occasions he was treated poorly, teased, called names and mocked by other students. The investigation did not determine that REYES was systematically bothered or harassed by a specific student or group of students.

The investigation revealed Jose REYES was subjected to numerous instances of negative treatment during PE class; several of them involved Kaelin GUERRERO. A fellow student spilled water on REYES in the PE locker room. Several students teased him saying he had urinated in his pants. Kaelin GUERRERO was involved in this incident. GUERRERO told REYES he did not have the muscles for PE during PE class. GUERRERO was witnessed calling REYES unspecified names in PE class. On approximately three occasions, unidentified students pulled down REYES' pants in the PE locker room. On one occasion, during PE, an unidentified student pushed REYES for no reason.

Some students, including GUERRERO, made fun of REYES for his speech patterns, habits and voice. At least one student, Oswaldo MATA-GARCIA, borrowed money from REYES and did not pay it back. This prompted other unidentified students to try and manipulate REYES into giving them money. Unidentified students passed by REYES in the halls and called him

"retarded" or "stupid". Students reportedly poked REYES in the side making him angry. On one occasion he was tripped in the hallway by an unidentified student. At the beginning of the school year, an unidentified student told REYES he looked like a "Retarded Michael Jackson".

There was no information gathered that indicated that REYES had been called "gay" or that he was teased about being gay.

There were no reports made to the school's teachers or administrative staff documenting any negative treatment of REYES. Additionally, the staff members did not observe any mistreatment of REYES.

The information captured in the IEP reports clearly documents REYES struggled with verbal communication and academics. Furthermore, this information demonstrates he was not adept at peer interaction and was delayed in social development. At times, he exhibited poor emotional control when he was angry or frustrated. Two elementary school staff members expressed concern for REYES adjusting to middle school because of the chaotic environment. Some teachers and staff noted there were times when he mistakenly believed people laughing were laughing at him. Some school district teachers and staff members believed REYES exhibited signs of Autism. However, school officials that interacted with REYES did not observe any behavior that would indicate he was violent or that he would become violent.

A portion of the information documented in the school records for REYES originated from Liliana URTIZ and was corroborated in interviews with his parents. They both said they believed Jose was Autistic and he had been consistently tested after starting school. They agreed to have Jose see a psychologist to assist him in dealing with this issue and his communication deficiency. They both knew he was behind in academics but described him working hard to do well in school. They both were aware of his difficulty interacting and communicating with others. Both parents knew he was in classes to help him succeed academically and to improve his ability to communicate. Liliana said Jose had not reached the maturity level of a twelve year old boy. They both described him as a caring, happy child that was kind, considerate and loving. Neither parent described Jose acting out in anger or behaving in a threatening or violent manner.

Jose REYES-MANDUJANO and Liliana URTIZ both believed that Jose knew his father owned handguns. However, both were unequivocal in their statements that Jose was not familiar with the guns and he had never been shown how to shoot either weapon. Both parents believed their son did not know where the guns were kept in their home. In fact, they discussed this issue in

Detective: Dach, K. #034 Triplett, R. #004

Murder, Attempted Murder

private while in an interview room at the Sparks Police Department. Furthermore, Jose never expressed any interest in firearms to either of his parents.

On 10/18/13, Jose REYES met with a psychologist, Dr. MIRAZAIN. Dr. MIRAZAIN noted that Jose exhibited symptoms of depressive disorder, felt inadequate in his family and was upset about being teased at school. Jose was prescribed Prozac which he began taking on 10/19/13. According to Jose REYES-MANDUJANO, Dr. MIRAZAIN believed Jose exhibited signs of being Autistic.

REYES played video games regularly on an X-Box console. Many of the games he owned and played are violent in theme and involve the use of firearms in the game. Several other games he owned are violent themed games that involve more traditional weapons. His mother was aware of the theme and content of some of these video games. Jose was not monitored or supervised when playing. According to his mother, he realized the games were fictional.

REYES had access to the internet on his cell phone. There were snapshot images of web searches captured on his phone of Dylan KLEIBOLD and Eric HARRIS armed inside Columbine High School. A snapshot image of a web search involving TJ LANG, a suspect in a school shooting in Ohio, was located on the phone. These searches could not be dated. REYES-MANDUJANO and URTIZ did not monitor Jose's internet activity on his phone and were unaware of what was stored on the phone.

REYES had access to the internet on the family computer. His internet activity was not monitored or controlled by his parents. A forensic search of the computer revealed a significant amount of internet searches related to video games, many that are violent. A number of searches related to the topic "top 10 evil children" and associated topics such as children who kill were completed in April and May of 2013. In May and August of 2013, there were searches completed related to bullying, a video game titled Bully as well as the "top 10 evil children". In July 2013, a role playing game titled "Super Columbine Massacre" and associated topics were searched.

In October 2013, there were several searches for the music video "Pumped up Kicks". The song is about a school shooting and there are variations of the video. One variation includes actual video footage from the shooting at Columbine High School combined with simulation or reenactments of what occurred. The topic Frontier Middle School shooting was also searched in October.

Detective: Dach, K. #034 Triplett, R. #004

Murder, Attempted Murder

The searches on the computer related to violence, bullying, school shootings and school shooting video games correlate to some searches completed on the cell phone of Jose REYES. Additionally, there were multiple searches related to video games, violent and non-violent, found on both the cell phone and computer. The searches on the computer related to bullying, violence and school violence were co-mingled with searches related to video games and how to succeed at these games. Several of the video games searched are games Jose REYES owned and played. REYES' parents were unaware that these identified topics were searched on the family computer. Based on these facts, the detectives that completed the forensic search of the computer believe Jose REYES searched the topics related to bullying, evil children, violence and school violence.

REYES did not have a specific group of friends that he associated with consistently. According to his parents, he did not attend functions outside of school or outside of the REYES family. None of the students interviewed indicated that REYES ever made any comments about his plan to shoot people at school.

REYES did not have a diary. Other than the notes found in his backpack, detectives did not locate any writings or drawings foreshadowing his intent or plan to shoot people at school. The handwritten notes found in the backpack are the only items that provide any insight into the mindset of REYES. However, the notes provide conflicting information about his motivation.

In one note, REYES clearly expressed anger with the teachers and students of Sparks Middle School over his belief that he was embarrassed and mistreated at school. He wrote about being called names to include; gay, stupid, idiot and lazy. He wrote about people saying he "pees" his pants and stealing his money. REYES wrote that he would get revenge for these things by shooting people and that his life would end in the process.

Conversely, in the note addressed to his parents, REYES wrote the shooting was not the result of shooting games or bullying. He wrote the shooting happened because of bad things in the past caused by him. He did not provide specifics about these events. He expressed his wish that he could be a smart kid and a better son in his family. He wrote about trying to go back and fix the past. REYES referred to himself as an idiot in this note. Like the first note, REYES wrote about his death being a certainty.

It is clear that Jose REYES did not tell anyone of his plan and acted alone on 10/21/13.

# SPARKS POLICE DEPARTMENT Supplemental or Continuation Report

Type of Report: Murder/Attempted Murder

Case: 13-9953

Date/Time of Supplement: 5-5-14 @ 1100 hrs.

KG-13

CD interview with Sue DUFVA

KG-14

CD interview with Traci DAVIS

#### **Details of Supplement**

11-7-13 at approx. 1300 hours, Det. Kevin DACH and I conducted an audiotaped interview with Sue DUFVA regarding the home visit with the REYES family that took place on 10-24-13. A copy of the interview was later placed onto a CD marked as evidence item KG-13. DUFVA stated the following to me in summary:

I participated in the home visit with the REYES family (10-24-13). I went to the REYES residence with school principle Stacy COOPER and deputy superintendent Traci DAVIS. We also met with "the tamale lady" (a family friend) at the REYES home. We only stayed with the REYES family for 10-15 minutes.

The purpose of the visit was to show support to the REYES family. I had Jose REYES as a student in the past. The family also has a couple of children in the district. There was no real plan for our meeting other than to show support to the family.

We met with Jose's uncle upon arrival to the REYES residence. COOPER spoke with the uncle in Spanish, and the uncle invited us inside the REYES home. Mr. and Mrs. REYES met with us in their home. COOPER continued to speak with the family in Spanish. I spoke briefly to Mr. REYES in English saying that I liked their son when I had him as a student.

Mr. REYES told us that Jose was a loving boy. They didn't know why this shooting happened. Mr. REYES said Jose told him about kids at school calling him gay. Mr. REYES didn't elaborate on the name-calling. Mr. REYES said Jose always wanted to make his father proud. Mr. REYES added that Jose had a speech problem, but he didn't elaborate on the problem.

Mr. REYES told us that he took Jose to a doctor's appointment the week of school break, and Mr. REYES implied the appointment was for some type of psychological testing.

Detective Gallop #047
Murder/Attempted Murder

I asked DUFVA if she was aware of any specific instances of Jose being bullied, or anything that could be construed as something negative towards Jose. DUFVA replied that she never saw anything like that in her classroom when Jose was her student.

DUFVA went on to say that Jose seemed to get along with everyone in the class, but Jose sat by himself a lot because he was "a little odd."

DUFVA said she previously spoke with another detective about suspecting Jose may have brought a gun to school on an earlier occasion. DUFVA said about 2 weeks after school began, in the beginning of September; Jose brought a backpack to school. Jose was over-protective of the backpack saying that he needed to keep the backpack with him or his father would be upset. This was not normal because the backpacks are normally kept in the student's locker or at the front of the classroom. This was the only time Jose had wanted to keep his backpack with him.

Nothing further.

#### Traci DAVIS interview

On 11-7-13, at approx. 1530 hours, Det. Kevin DACH and I conducted an audiotaped interview with Traci DAVIS regarding the home visit with the REYES family that took place on 10-24-13. A copy of the interview was later placed onto a CD marked as evidence item KG-14. DAVIS stated the following to me in summary:

I participated in the home visit with the REYES family (10-24-13). I went to the REYES residence with a special education teacher (Sue DUFVA), Stacy COOPER and a REYES family friend referenced as "the tamale lady".

The purpose of the visit was to show the family support from the District. We also talked about Jose's siblings transitioning back to school. I talked with an older brother about supporting the other siblings and getting them back to school.

Mr. REYES said he took Jose to a doctor to have him tested for a learning disability. According to Mr. REYES, Jose had complained about students calling Jose "gay". Mr. REYES did not elaborate on any of this.

I excused myself from the meeting to get my business cards from the car. I returned and gave my business cards to the family, and I explained to the family to contact us for any type of support. The meeting concluded and we departed.

DUFVA and COOPER talked briefly about never having any problems with Jose.

Case# 13-9953 Detective Gallop #047 Murder/Attempted Murder

DAVIS went on to say that after the weekend (beginning Oct 26<sup>th</sup>) she met again with the REYES family. They met for the purpose of ensuring the other REYES children are settling in at their new school.

Nothing further at this time.

#### SPARKS POLICE DEPARTMENT Supplemental or Continuation Report

Type of Report: Murder/Attempted Murder

Case: #13-9953

Date/Time of Supplement: 5/07/14 1000 hours

**Detective:** Peterson #104

Approving Supervisor TRACT 004

Date: 5 - 7-14

#### **Details of Supplement:**

On 05/07/14, I completed a summary of the information regarding Jose REYES' Individual Education Plan and other miscellaneous personal records. Records information received from the Washoe County School District regarding his history from birth to Kindergarten and each school year thereafter were summarized, separated and individually categorized. The organized documents were placed into a binder and placed in evidence. These tasks were designed to obtain a generalized overview of all the information received. Jose REYES is referred to Jose in this supplement.

#### Birth - Pre-Kindergarten

Born 9 months gestation. Forceps were used to assist as the umbilical cord was wrapped around his neck. Did not cry immediately after birth. No issues afterward, no oxygen was used to assist, no medications or light therapy. Jose left hospital at same time as mom.

Described as a loving baby, with no feeding issues.

Described as not: calm, happy, regular sleep times, irritable, rigid, clumsy, or have failure to thrive issues.

Began to walk at 10 months.

Began speaking one word at a time at 3 years old.

Began putting words together at age four (speak prayer).

Preferred English over Spanish although Spanish was primary language in the home.

Detective: Peterson #104

#### Kindergarten 2006/2007

#### **Reoccurring Themes:**

Negatives (teacher concerns) -comprehension, vocabulary, sound awareness, communication skills, response formulation, responses are off topic.

Positives- Good memory, follows directions, gets along w/ peers, was said to develop at normal rate for milestones.

09/06/06 Referral Form filled out-Referral completed for Speech, Special Education, and vision.

09/13/06 Initial Placement Form for English Language Development Placement-Notification was sent to Jose's parents that his level of English proficiency was in the Non-English Proficient category and that he would participate in the Structured English Immersion instruction.

01/07 Referral done/parental notification- Issues with reading, math, written expression, clear speech, fine motor skills, following directions, organization, keeping on task, completing work, motivation, expressing needs and wishes. Not good in Spanish or English.

Average in relationships, following rules, honesty, punctual, attendance, appearance.

Strong family support and physical health.

No bed wetting issues.

Parents and/or other noticed Jose had learning difficulties or behavior issues.

Had communication issues.

#### **Parental Comments:**

"He is 'different' from his younger sisters. Jose walked on time, cannot understand Spanish. He is mainly auditory learner. He shuts himself into his room and will not allow even parents in. He is picky about food but likes fruit."

"Impulsive behavior, nervous, restless, easily distracted, shy, has witnessed violence, lacks attention for things he does not like, likes to have things in order."

Detective: Peterson #104

01/11/07 Child Study-meeting conducted. Jose's teachers stated he was progressing but still seemed to be delayed in speech/vocabulary development. Interventions attempted included educational programming, letter game to be played, books read to him, Leap Pad and alphabet books were provided for home use. The recommendation was made that his family make sure he asks for what he needs instead of being allowed to make noises and getting a response. He was not proficient in either Spanish or English (per his parents).

01/25/07 School Nurse Special Education Health Assessment-In the health assessment the Health Concerns category stated "Mother reports that her pregnancy was normal and she delivered baby with no complications...Baby went home when mom went home from the hospital. Mom describes baby as cuddly and colicky. Development mile stones were accomplished later than would be expected. Mother currently describes child as fidgety, easily distracted, and shy. Mother indicates that child has witnessed violence."

The Physical assessment stated "Child spoke in English and Spanish. It was hard to understand what the child was saying. Child's sentences where comprised of what seemed to be Spanish and English words."

The Hearing assessment stated "Child was unable to follow directions but developed his own method of letting RN know that he heard a beep."

No referrals were made at that time.

#### 02/07/07 Psychological Test given

<u>Cognitive Assessment:</u> The Universal Test of Nonverbal Intelligence (UNIT) found that Jose scored in the Average range in Memory Quotient, Reasoning Quotient, Symbolic Quotient, and Nonsymbolic Quotient.

<u>Achievement Assessment</u>: Given 02/09/07. All areas fell in the average range. No areas of academic delay were identified.

<u>Processing Assessment</u>: Psychomotor Evaluation showed a slight delay in visual-motor domain. Social-Emotional Assessment: BASC II (Parent) Jose was found to be in the average range in *Clinical Scales* in the *Adaptive Scales* and At-Risk in Social Skills and Functional Communication. BASC (Teacher) Found to be average range in *Clinical Scales* with the exception of Atypicality where he was found to be Clinically Significant and At-Risk in the Attention Problem category. In the *Adaptive Scales* he was found to be average in all categories except Social Skills and Functional Communication where he was found to be Clinically Significant and At-Risk in Adaptive Skills and Disorders.

Detective: Peterson #104

The final recommendation was that the results are shared with other MDT members to determine if Jose qualifies for special education services and with his physician for informational purposes.

02/09/07 KTEA test given. Jose's scores fell into the average range in all categories.

02/27/07 Counselor O'Shaughnessy Email-"Further evaluation may be warranted, as he could possibly be displaying behaviors associated with mild autism/PDD (the Atypicality Scales has items like: almost always acts confused, seems out of touch with reality, says things that make no sense, etc)...At this point, a learning disability is not suspected. Certainly, there are language and social skills issues."

03/08/07 Speech/Language Evaluation given. Found to be pleasant but had significant language and/or communication delays. He perseverated on topics that interest him. He did not always make eye contact. He did not respond appropriately to questions and produced sentences that did not make sense. Results were to be compared with cognitive scores to determine eligibility for speech/language services.

03/08/07 Jose's initial Individualized Education Program (IEP) was scheduled to begin. Parental participation was included. He was to participate in regular education 80-100% of time.

#### First Grade 2007/2008

**09/14/07 Continuing Placement Form-** Jose's parents were sent notification that he would continue receiving instruction in the WCSD's English language development program. This program was said to help Jose learn English so that he would be able to meet the age appropriate academic standards for grade promotion and graduation. Participants are traditionally in the program for a three to five year time span. He was found to be at the *entry level* in all five categories of English proficiency using the CTB/McGraw-Hill Language Assessment Scale (Comprehension/Listening/Reading/ Speaking/Writing).

10/01/07 English Language Proficiency Assessment Report-Jose was given an assessment using the CTB/McGraw-Hill Language Assessment Scale per protocol. Although his scores improved, he was still found to be at the *entry level* in all five categories.

11/26/07 Limited English Proficient (LEP) Accommodations Form-Jose was allowed to take the state mandated tests I.E CRT, NRT, and HSPE, in a small group outside of the regular classroom.

03/25/08 IEP Notification of Eligibility-Jose's parents were sent notification of an IEP meeting to develop an initial IEP plan specifically for him on 04/03/08. An interpreter was scheduled to attend along with the school Administrator/Designee, a regular teacher, a Speech/Language Specialist, and

Detective: Peterson #104

the Reyes parents.

06/04/08 IEP Goal and Objectives Data- Jose was given 8 categories in which to meet specific goals for the school year. However he was shown to have accomplished less than 50% of the goal in each category by the year's end.

Jose struggled with formulating sentences and expressing his thoughts and ideas. Although he was eager to learn he needed to be encouraged to talk and participate in oral discussions.

06/08 End of the year report card- Although Jose was shown to need improvement in many of the core subjects, he was moved forward to the second grade. The teacher requested the Reyes parents have Jose read daily and work on his math facts during the summer months.

#### Second Grade 2008/2009

#### 08/25/08 Transferred to Agnes Risley Elementary

09/2008 Speech Log- Attended Speech 3x at 30 minutes per session. Instructor found Jose did not understand the questions being asked of him. Jose would answer "right here" then provide a description, not answering the question asked.

**09/15/08 Continued Placement Form-** Jose's parents were sent notification that he would continue receiving instruction in the WCSD's English language development program. Using the same scale (CTB/McGraw-Hill) he scored slightly higher than the previous year but was found to remain in the *entry level* in all five categories. As in the previous year, the Structured English Immersion was the method of instruction used to assist Jose.

09/25/08 Problem Identification Screening Summary-Teacher expressed concern for Jose's social mannerisms. He was reported to rock back and forth, hit himself, move his eyes back and forth when asked a question, and have significant difficulty following two step directions. He was performing at the Kindergarten level in all academic areas. The speech pathologist was contacted reference his prior cognitive evaluations or referrals.

10/2008 Speech Log- Attended Speech 3x at 30 minutes per session. Jose's responses to the questions asked were not relevant to the question asked. He would answer by providing a description, not answering the question asked.

10/20/08 Classroom Observation conducted (45 minutes): Jose was found to meet the expectations of the teacher.

Detective: Peterson #104

10/28/08 Problem Analysis Form- Jose was found to be in the lowest 10% of grade level. "He needs constant reinforcement, is a perfectionist and becomes upset when he does not do well. He is easily frustrated, does not always make sense with responses, and is difficult to understand when he speaks."

Intervention Plan was developed to give Jose 30 minutes a day 4 days a week in which he would be pulled out of class. He would receive assistance in language and reading skills. Data was to be collected every other month, twice a month.

11/2008 Speech Log-Attended Speech 7x at 30 minutes per session. During the time period given, he was found to have inconsistent Satisfactory Progress. He had poor attention. Multiple cues were given to obtain his attention.

12/2008 Speech Log-Attended Speech 5x at 30 minutes per session. Jose was found to have Inconsistent Satisfactory Progress during the time period given.

12/03/08 LEP Accommodations Form-Jose was not provided accommodations for any state mandated testing.

01/2009 Speech Log-Attended Speech 5x at 30 minutes per session. Jose was found to have Consistent Satisfactory Progress during the time period given.

02/2009 Speech Log-Attended Speech 3x at 30 minutes per session. Jose was found to have Inconsistent Satisfactory Progress during the time period given.

02/05/09 IEP Meeting Notice- Jose's parents were notified of his annual IEP meeting.

**02/09/09** Auditory Comprehension Test-Jose received a *below average* score for the vocabulary portion, and *poor* in both grammatical morphemes (GM) and elaborated phrases and sentences (EPS). He received an overall rating of *poor*.

03/2009 Speech Log-Attended Speech 5x at 30 minutes per session. Jose was found to have Inconsistent Satisfactory Progress during the time period given.

03/18/09 LEP Accommodations Form- Jose was not provided accommodations for any state mandated testing.

03/18/09 IEP Information Packet- Goals and objectives were provided for the next year. Jose had achieved partial success in the goals and objectives set the previous year, but clearly continued to struggle in all areas of language. He was rejected for supplementary aides and services. Notes for

Detective: Peterson #104

justification were the following:

"Jose continues to require Speech language services to help him improve his overall language and communication skills. He will spend the majority of time in the regular education environment, while receiving small group instruction that will focus on developing his language skills. This placement will best meet Jose's academic, social, and communication needs at this time. The team feels that the benefit of this placement outweighs any potential harmful effects".

The Medicaid reimbursement form was signed by Jose's parents.

03/23/09 Progress Monitoring Results- From 11/03/09 to 03/23/09 (31.0 weeks) Jose improved in Reading at a rate of 0.31 words read correct per week. He should have had a rate of 1.35 words correct per week by this point according to plan/goals.

In <u>Comprehension (MAZE)</u> he improved at a rate of 0.23 correct responses per week. He should have improved at a rate of 0.39 correct responses per week.

In <u>Math</u> he improved at a rate of 0.42 correct digits per week. He should have improved at a rate of 0.68 correct digits per week.

03/31/09 Intervention Plan-Jose was at Tier 2 Intervention 1, with the areas of concern being Reading, Math, and Behavior. He was to continue at the assigned Tier level for the next year. The team believed the result of the given intervention decreased the performance gap and the intervention plan was responsible for the change. A modification made was to focus more on Jose's language acquisition skills.

**04/2009** Speech Log- Attended Speech 3x at 30 minutes per session. Jose was found to have Inconsistent Satisfactory Progress for the first session and Consistent Satisfactory Progress during the remaining two sessions.

05/2009 Speech Log- Attended Speech 2x at 30 minutes per session. Jose was found to have Consistent Satisfactory Progress during the time period given.

06/09 End of the year report card- Jose's teacher commented that "while he has made some progress through the year, he continues to be significantly below grade level in all areas of the curriculum. His social behaviors in the classroom as well as on the playground are concerning as well." He progressed to the 3<sup>rd</sup> grade.

#### **Third Grade 2009/2010**

09/17/09 Continued Placement Form- Jose's parents were sent notification that he would continue receiving instruction in the WCSD's English language development program. Using the CTB/McGraw-Hill scale, he scored slightly higher in Comprehension, Listening, and Speaking than the previous year but was found to remain in the *entry level* of proficiency. He scored lower in the Reading but remained in the *entry level* of proficiency. He also scored lower in Writing and was placed into the *emerging level* of proficiency. The <u>Structured English Immersion</u> remained the method of instruction used to assist Jose. The IEP team added instruction in a small group at that time.

10/05/09 Intervention Plan- Jose was moved to a Tier 3 Intervention 2 with the areas of concern being Reading. He was to continue at the assigned Tier level for the next year.

10/06/09 BASC-II- Behavior Assessment System for Children (BASC-II) given to Jose's parents and his teacher to enable Jair Morales, School Psychologist to complete his assessment for Jose.

10/12/09 School Nurse Review- Jose's medical history was reviewed. The school nurse referred to Jose's records from 2007 and found that he did not qualify for Special Education Services as of January 2007. The review further stated that the health record indicated that further assessment by the school nurse of the student's health status may be indicated. However "before further health assessment can be conducted, the school nurse must be provided with a *Permission to test/Evaluate* (SES9) form, signed by the parent or guardian.

10/13/09 Psycho-Educational Report. A report was initiated due to concerns regarding Jose's social mannerisms. Data was retrieved by the school psychologist from the Student Health Records. The report from 2009 showed no health concerns. Data regarding Jose's special education services and MDT reports was drawn from 2007's information. In 2007 Jose did not meet the criteria for a specific learning disability. Both negative and positive comments from Jose's teachers were obtained from Jose's school records.

Jose's BASC-II results were listed in the Social/Emotional /Behavioral section. Jose was found to be <u>At-Risk</u> in the Depression, Adaptability, Social Skills, Leadership, and Functional Communication areas. His A-typicality (tendency to behave in ways that are odd) and his functional communication were also in the <u>Clinically Significant</u> range.

The final recommendation and the results were shared with the team members and they were to make a decision about interventions for Jose.

Detective: Peterson #104

11/06/09 Educational Progress Report-This report covered the 1<sup>st</sup> quarter of the school year. The general comments in summary stated that "Jose always works hard in Speech class...He has difficulty sometimes understanding directions and what is expected of him, and often requires additional explanation or examples when completing tasks."

**01/19/10 Intervention Plan-** Jose was a Tier 3 Intervention 3 level with the area of concern being Reading. Basic Phonics was to be worked on. The intervention was to be 4x a week 30 minutes per session. Data was to be collected each Friday with a review date for progress on 03/09/10.

02/02/10 Pre-Evaluation Planning Guide-Jose's parents were given notice that his three year special education needs review was due one 03/08/10. Jose's mother, Liliana URTIZ stated she agreed with the special education classification or disability and with the current special education program placement now in effect. She stated that she understood that minor or major changes can be made in the next IEP meeting but she did not have any other concerns for the school to consider during this re-evaluation process. She provided the following: "Jose explain thing better and he is more communicative". The information sheet was in English but Liliana URTIZ speaks Spanish. The information was given and received via telephone by WCSD representative Rose Diez. The actual permission slip, also provided in English, was signed by Liliana URTIZ on 02/03/10.

**02/04/10 School Nurse Special Education Health Assessment**-Jose was found to be physically healthy. The nurse stated "Jose smiled and appeared friendly. He spoke slowly and clearly. It was easy to understand his speech. Jose responded appropriately throughout the assessment." No follow up or referrals were necessary.

02/05/10 LEP Accommodations Form-Jose was given accommodations for testing. He was allowed *small group (1-20 students) administration to facilitate the read-aloud accommodation* and he was allowed *monitored breaks to allow for second-language processing*.

02/09/10 Speech/Language Assessment Report- The PPVT-III, CASL, and TACL-3 were administered to assess Jose in preparation for his 3-year Special Education Eligibility redetermination. The report stated that for the purposes of special education placement in speech and language, the scores are psychometrically invalid because children with Jose's characteristics were not included in the tests' standardization samples. The scores do not necessarily indicate the presence/absence of a language disorder; however they do give some information regarding Jose's present level of functioning in English. Scores should be viewed as general baseline measurements of Jose's current English functioning as compared with white, monolingual children. The summary and recommendations were as follows: "His performance on standardized measures of receptive and expressive language was in the significantly below average range when compared with monolingual, English speaking children his age. Jose continues to demonstrate difficulty asking or answering questions, speaking in grammatically correct sentences, and understanding and using appropriate

Detective: Peterson #104

vocabulary. It is recommended that Jose continue to receive Speech Language services."

03/2010 Progress Monitoring Results-From 08/31/09 to 03/01/10 (40.3 weeks) Jose improved in Reading at a rate of 0.91 words read correct per week. He should have had a rate of 1.43 words correct per week by this point according to plan/goals.

In <u>Comprehension (MAZE)</u> he improved at a rate of 0.09 correct responses per week. He should have improved at a rate of 0.15 correct responses per week.

03/01/2010 Consent for Release of Information and Medicaid Reimbursement-Liliana URTIZ gave written consent to release of information pertaining to Jose. The Statement of Eligibility Team Report Speech and Language Impairment was provided to Jose's parents.

03/09/10 Intervention Assistance Team Staffing Information-Jose's teacher observed him to be "conscientious to do what is right" as a positive. His weakness: "Comprehension is my biggest concern". The current intervention focus was Tier III- Vowel Patterns.

**04/02/10 Educational Progress Report**- This report covered the 3<sup>st</sup> quarter of the school year. The general comments in summary repeated statements made in the 1<sup>st</sup> quarter's report. "Jose always works hard in Speech class...He has difficulty sometimes understanding directions and what is expected of him, and often requires additional explanation or examples when completing tasks." The only addition made was "He requires max assistance to answer questions about scenarios and to use grammatically correct sentences."

**2010 Spring CRT**-Math: Jose scored 225 which placed him in the *Emergent Developing level*. English Language Arts: Jose scored 233 which placed him in the *Approaches Standard level*.

**06/10 End of the year report card-** Jose's teacher commented he was "sweet, but sensitive". She stressed the importance of continued support from home as he continues to work below grade level. She further stated he needs to remember to express himself in respectful ways. The report card showed Jose to *need improvement* in all academic categories as well as social and academic behavior.

### **Fourth Grade 2010/2011**

09/08/10 Continued Placement Form- Jose's parents were sent notification that he would continue receiving instruction in the WCSD's English language development program. Using the CTB/McGraw-Hill scale, he scored slightly higher in Comprehension, Listening, Reading, and Speaking than the previous year. He remained in the *entry level* in Listening but improved to the *emerging level* in Comprehension and Reading. He scored lower in the Writing category than the

Detective: Peterson #104

previous year and remained in *emerging level*. The <u>Structured English Immersion</u> and <u>Small group</u> method of instruction was to be used again to assist Jose.

10/12/10 Parent Consent for Evaluation-The WCSD was given consent to reevaluate Jose for continued assistance in special education related services.

The School Nurse Health Assessment was completed. In her notes she stated Jose was jaundiced at birth. She reported Jose walked at 9 months and spoke words at 5 months. However, according to the Health History form Liliana URTIZ completed 01/25/07, he was not jaundiced and no light therapy was necessary. He walked at 10 months and spoke words at 3 years old, spoke small sentences at 4 years old. The nurse found Jose's speech difficult to understand at times. No further referrals were made.

10/14/10 Student Health Form-Health evaluation/history form was sent home. The responses given were similar to those provided in Kindergarten. No pregnancy complications were reported. Although forceps were used to assist in Jose's birth, no other assistance was necessary. There were no complications reported concerning Jose's health as a newborn or infant. It was again reported that Jose had witnessed violence. Jose's strengths were listed as "draw, good helper, play". His weaknesses were listed as "mathematics, express". Additional comments were "very disciplined, noble".

12/15/10 IEP Meeting Notice- Notification of completion of Jose's evaluation and meeting date and time in Spanish was sent to his parents. Notice of eligibility was also sent. Jose's parents were notified the meeting was being proposed due to academic and Speech/Language concerns. It was based on teacher observations, achievement scores, and curriculum-based assessments. Parental concern was listed as a relevant factor as well. The Intervention Plan was also included. Jose was placed at Tier 3 Intervention 2 with the Area of Concern being Reading. He was to go over word analysis in the classroom 30 minutes a day, 4 days a week. Data was to be collected every Friday.

01/04/11 Parent Consent for Evaluation- The WCSD was given consent for the School Psychologist to evaluate Jose to determine eligibility for special education related services.

**01/04/11 Psycho-educational Evaluation Report-** Jose was referred for the assessment to assist in special educational services placement. The school psychologist reported that multiple interventions have been attempted in language arts and English as a second language.

Under the Health and Developmental History portion, he reported Jose needed oxygen and phototherapy at birth. However, the report he referenced (11/4/10) was erroneously quoted. The Heath Assessment stated Jose did not need oxygen or phototherapy. The psychologist also used the school nurse's inaccurate information regarding the age in which Jose walked and talked.

Detective: Peterson #104

The report indicated that Jose's response to interventions was measured by the following instructional strategies:

#### Tier 2

Phase 1: Language, high frequency words, and reading skills 30 minutes, 4 days a week; ELL pullout 30 mins 3x/week.

Phase 2: Language development, vocabulary 30 mins, 4 days/week; ELL pullout 2 days/week, 30 minutes.

#### Tier 3

Phase 2: Word Analysis 30 minutes a day, 4x per week (10/05/09-01/15/10).

Phase 3: Basic Phonics 30 minutes a day, 3x per week (01/19/10-03/05/10).

Progress monitored in Reading (Words Read Correctly graph) from 10/04/10 to 12/03/10 showed Jose to fall below the tenth percentile for his grade. The goal set by his team of assistance staff was for him to read 106 words correctly with 0 errors by the end of the 2010-2011 school year. However, the trend suggested that he may reach the goal set for him in Reading by the end of the year if the current interventions were maintained.

The Mathematics Computation summary stated Jose's goal was to achieve 39 correct digits by the end of the same school year. Although the rate of improvement should have been .29 correct digits per week, Jose had an average rate of .18. No trend or future progress projections were given.

The Interview portion of the report contained statements from his teacher made 12/09/10. Jose was described as "always respectful and works hard (to his own potential)". He "struggles to form answers to questions" and many times does not "effectively answer the question asked". His "written language many times mirrors his oral expression and many times does not make sense". The teacher indicated that it appears "he's in his own thoughts".

Under Current Testing, the Universal Nonverbal Intelligence Test (UNIT) was quoted. The findings were that Jose's memory quotient fell in the high average range. His reasoning quotient fell in the average range. His overall cognitive abilities, as measured by the UNIT, fell in the average range. This test and its results were not located in the information given for review.

The Gilliam Autism Rating Scale-Second Edition (GARS-2) was reported to have been completed 10/09/10 by Jose's teacher. The <u>Teacher Scale</u> portion showed the <u>Probability for Autism</u> in

Detective: Peterson #104

Stereotyped Behaviors as possibly. In Communication and Social Interaction it was very likely. The <u>Autism Index</u> showed possibly. The <u>Parent Scale</u> portion showed the <u>Probability for Autism</u> in Stereotyped Behaviors and Social Interaction as possibly. In Communication it was very likely. The <u>Autism Index</u> showed unlikely. This test and its results were not located in the information given for review.

The summary stated "At this time the rating are inconsistent. The parent rated Jose's overall behaviors in the unlikely autistic range. A student is considered to be eligible for special education services when a team of professionals and the parent consider all the relevant information and determine 1) that the student has a disability, and 2) that the student's needs cannot be met with general education resource alone, and special education resources are needed to meet the student's needs".

The recommendations recognized Jose "has not made sufficient progress to meet standards in basic reading skills and reading fluency as measured by teacher input, benchmarking, and progress monitoring data." It stated "the team should consider eligibility under the specific learning disability category and that the final recommendations will be the joint decision of the multidisciplinary team. An area of consideration for the team is the administration of a direct measure for autism to rule out that area of eligibility. Provide direct instruction in areas of social interaction as needed."

01/2011 Speech/Language Assessment Report-The Speech/Language Pathologist (SLP) completed the assessment due to a referral from Jose's MDT for academic concerns. The assessment results used for this report (2011) were obtained from an assessment completed 03/08/10.

The SLP concluded that "Jose's performance on standardized measures of receptive and expressive language was in the significantly below average range when compared with monolingual, English speaking children his age. In the speech room, Jose is a well behaved student who always tries his best and gets along with his peers. He is able to grasp concrete concepts after multiple exposures but, has great difficulty with abstract concepts like; inferences, metaphors, similes, and idioms. He often uses pictures with in a given text to support his answers to "wh" questions even if the picture has little to do with the question. When answering questions about characters, setting, events, as well as conflicts and resolutions unless the answers are explicitly stated within the story or represented in a picture."

The recommendation was that the MDT reviews all assessments to determine the best educational placement for Jose.

01/07/11 Accommodations Form-LEP-Jose was to participate in all Nevada Proficiency Examination Program (NPEP) assessments without LEP accommodations.

Detective: Peterson #104

01/26/11 Parental Prior Written Notice of Evaluation/ IEP Meeting-Notices of Jose's IEP evaluation and of the IEP meeting was given to Liliana URTIZ.

**02/04/11 IEP Packet-** Jose was found to be eligible for special education services under the category *Specific Learning Disability.* Jose was to participate in the following Specially Designed Instruction beginning 02/03/2011 until 02/02/2012:

Mathematics: 120 min. a week in a Special Education Setting Reading: 30 min. a week in the General Education Setting Writing: 15 min. a week in a General Education Setting

Projected frequency of progression reports was quarterly. Accommodations were again allotted to Jose. He was to take his CRT's in the small group setting (1-20 students) given in an alternative setting. He was also allowed to use a multiplication chart if needed. He was to spend 93% of his school day in the regular education environment. Justification for the above changes was reported as the following:

"Jose's assessments indicate that he is below grade level in all academic areas. Because of this, he would benefit from special education services in the area of reading, writing, and math as well as speech and language. The IEP team feels that Jose would have no harmful effects from this placement because his need for extra support is greater than his need for being with his peers."

02/15/11 Psycho-educational Report-An addendum to the psycho-educational evaluation completed on 01/04/11 was done at the request of the MDT. It was requested that an Autism Diagnostic Observation Schedule (ADOS) be completed. This assessment planned social occasions in which a behavior of interest is likely to appear. The assessment was completed by two School Psychologists and the Speech Pathologist. The test results indicated that Jose meet the ADOS classification for autism. However, he did not meet the clinical classification as he did not display stereotypical behaviors and restricted interests based on the direct observation measure. The examiner's opinion was that Jose's eligibility category should not be changed to autism. No unusual sensory interests, mannerisms, self-injurious behavior, excessive interests or references to highly specific topics, or ritualistic behaviors were observed.

02/28/11 Parental Prior Written Notice of Evaluation/ IEP Meeting- Notices of Jose's IEP evaluation and of the IEP meeting was given to Liliana URTIZ.

05/27/11 Progress Monitoring Improvement Report- The progress report covered the time period of 01/07/11-05/27/11. In Reading over the course of 20.0 weeks Jose should have shown improvement of 1.35 words read correctly per week. However his rate of improvement was 0.22. In Mathematics his rate of improvement should have been 0.45 correct digits per week. His rate of

Detective: Peterson #104

improvement was 0.70.

**2011 Spring CRT**- Math: Jose scored 281 which placed him in the *Approaching Standard level*. Reading: Jose scored 173 which placed him in the *Emergent/Developing level*.

06/11 End of the year report card- Jose received C's and D's in Reading, Writing, and Math during the school year. With the exception of one D in Social Studies at the beginning of the year, Jose received A's and B's in Social Studies and Science during the school year. He received all A's in Social Citizenship. No teacher comments were noted.

#### Fifth Grade 2011/2012

08/29/11 IEP at a Glance- The IEP for 02/04/11-02/04/12 was compiled and placed into the file for the school year 2011-2012. Goals, objectives, accommodations to be made during testing, and comments were included.

09/08/11 Continued Placement Form-Jose's parents were sent notification that he would continue receiving instruction in the WCSD's English language development program. Using the CTB/McGraw-Hill scale, he scored lower in Comprehension, Listening, Speaking, and writing than the previous year. He remained in the *emerging* category in Reading but made a small improvement.

His scores on the CRT revealed a lower score in English Language Arts taking him down into the *emerging* category and Math revealed a higher score taking him up to the *approaches standard* category. The <u>Structured English Immersion</u> was to be used again to assist Jose, taking away the testing in a <u>Small Group</u>.

12/08/11 IEP Meeting Notice/Parental Prior Notice-Notification of completion of Jose's evaluation and meeting date and time in Spanish was sent to his parents. Notice of eligibility was also sent. Jose's parents were notified the meeting was being proposed due to the time limits set for re-evaluation. It was based on teacher observations, achievement scores, and curriculum-based assessments.

01/09/12 Speech/Language session notes-Jose's session notes for Speech class were filed to cover 09/15/11-01/09/12.

01/23/12 LEP Accommodations form-Jose was found to not be in need of test taking accommodations.

01/25/12 Release of Information Medicaid Consent was given to the WCSD to release Jose's information for Medicaid reimbursement.

Detective: Peterson #104

An IEP Packet-was given to Liliana URTIZ during the IEP annual assessment meeting. Jose was found to be two years below grade level in his writing ability. His reading level was found to be three years below his grade level. He was also below grade level in Math but the assessment did not indicate how far.

His strengths were listed as math computation, math concepts, and written expression.

His parent's largest educational concern for Jose was his communication skills.

Jose's interests were video games and playing war games with his "over 200" toy soldiers.

There were no Special Factors that were considered such as behavior that impedes Jose's learning or the learning of others, limited English proficiency, visual or hearing impairments, or the necessity for the assistance of technology devices. 82% of Jose's regular school day was to be spent in the regular education environment. Justification for this action was as follows:

"Current data indicates that Jose is below grade level in the area of reading and mathematics; instruction will be provided in a small group environment as the general education class is too distracting. This will necessitate less time with same-age, non-disabled peers but is judged to be the least restrictive environment at this time".

The accommodations, Parental Prior Notice, Notice of IEP meeting, and copies of all assessments discussed were provided.

05/25/12 Academic Achievement Progress Report- Reports were summarized and commented on for 01/27/12, 03/22/12 and 05/25/12. The three reports show a slow progression in Jose's academic growth. In Jose's final reports dated 05/25/12, the Math comments read "CBM data indicates that Jose has met his fluency goal in both math computation and concepts. His MAP scores showed only 1 point of growth from Fall to Spring. He is currently below the 10<sup>th</sup> %ile." The Reading comments stated "CBM data indicates that Jose is making slow and steady progress in reading fluency. However, his rate of increase is not high enough for Jose to reach his goal by the end of the year...he remains below the 10<sup>th</sup>%ile." His Written Expression comments stated, "CBM data indicates that Jose is making slow steady growth in written expression. He is being monitored at grade level. The Speech/Language comments stated, "Jose is a wonderful student! I always enjoy having him in speech. He works well and tries to do his best. Speech goals should be measured twice per year to see true improvement... Jose is doing a great job with moderate help... Overall; Jose is doing a very good job in social situations in speech. He always wants to help and gets along well with the other student group. Sometimes he is sensitive and does not like it if he feels he cannot answer questions."

Detective: Peterson #104

#### Sixth Grade 2012/2013

**08/27/11 IEP at a Glance-** The IEP for 01/25/12-01/25/13 was compiled and placed into the file for the school year 2012-2013. Goals, objectives, accommodations to be made during testing, and comments were included. The Special Education Services provided to Jose remained at 120 minutes a week in the Special Education Setting for Math and Reading. The 15minutes a week given for Writing was removed.

09/05/12 Continued Placement Form-Jose's parents were sent notification that he would continue receiving instruction in the WCSD's English language development program. Using the CTB/McGraw-Hill scale, he scored higher in Comprehension and Listening taking him to the *Emerging* category. He also scored higher in Reading, Speaking, and Writing taking him to the *Intermediate* category.

His scores on the CRT revealed a higher score in English Language Arts and Math. While remaining in the *Emergent* category in English Language Arts, he moved up to the *Emergent* category in Math. He tested into the *Emergent* category in Science. The <u>Structured English Immersion</u> was to be used again to assist Jose.

10/24/12 Parent Consent for Evaluation- The WCSD was given consent to reevaluate Jose for continued assistance in special education related services.

01/17/13 An IEP Packet-Liliana URTIZ received Jose's IEP packet during the IEP annual assessment meeting. In the Social/Emotional/Behavioral assessment Jose was found to "become frustrated when things go to fast, change in schedule, or his daily routines. It is hard for him to accept a poor grade on assignments, and it can take him half an hour to an hour for him to calm down. When this happens he has been allowed to request a time out to calm down, and sometimes the teacher needs to prompt him to ask for a time out." In the Speech and Language assessment, Jose was said to "continue to struggle with oral language skills and requires support to be successful at language tasks which target understanding, use of non-literal language and spoken grammar. He continues to require frequent modeling, repetition, and prompting when communicating. Without individualized instruction to improve his oral language skills he may have difficulty communicating his thoughts and ideas in academic and social settings." In Math "Jose's math delays in mathematics will cause him to experience difficulty in an environment that require him to estimate, indent, and extend patterns, or solve algebraic equations." In Reading "Because of delays in language arts, he will experience limited success in environments that require him to correctly identify tone or themes of stories, he may need assistance if he is required to identify abstract words, clues, techniques, or main ideas." His Written Expression "assessments indicate that he is below grade level. Because Jose's writing ability is two years below grade level and because he has difficulty with content area textbooks, he is experiencing difficulty in content area classes that rely heavily on textbooks for

Detective: Peterson #104

instruction".

Under Strengths the assessor stated "Jose is a hardworking student and likes to play jokes."

His parent's largest educational concern for Jose was again his communication skills.

Jose's interests were video games and playing war games with his "over 200" toy soldiers. This category also did not change.

There were no Special Factors that were considered such as behavior that impedes Jose's learning or the learning of others, limited English proficiency, visual or hearing impairments, or the necessity for the assistance of technology devices. 74% of Jose's regular school day was to be spent in the regular education environment. Justification for this action was as follows:

"Jose is below grade level in the area of reading and mathematics; instruction will be provided in a small group environment as the general education class is too distracting. This will necessitate less time with same-age, non-disabled peers but is judged to be the least restrictive environment at this time".

Release of Information Medicaid, Testing Accommodations, Parental Prior Notice, Notice of IEP meeting, and copies of all assessments discussed were provided.

**01/25/13 Progress Report**- As of 01/25/13 each academic category had comments regarding Jose's progress. It read:

Math:

New Goals. Working on skills, and new goals.

Reading:

New Goals.

Speech/Language: Jose is a wonderful student! I always enjoy having him in speech. He works well and tries to do his best. Speech goals should be measured twice a year to see true improvement. The following percentages are estimates only. Jose needs modeling, prompts, and picture support to achieve these percentages. Objective 2 comments stated "Jose needs consistent prompts and modeling to make inferences. He frequently just re-states what I am asking him instead of answering the questions." Objective 3 comments stated "Jose is continually improving, but it depends on how complex the story is. Jose needs scaffolding and prompts with stories that he is not familiar with. He frequently will look at the pictures to help him answer even if his answer does not pertain to the question." Objective 4 comments stated "Jose loses attention at times, but does better when questions are repeated and he is given extra processing time. He frequently needs the questions restated and reformulated with cues."

Detective: Peterson #104

Speech/Language 2: Overall, Jose is doing a very good job in social situations in speech. He appears to be more sensitive to others feelings. Jose is in a bigger group this year and likes to playfully tease the other students. He gets along well with the other students. Objective 2 comments stated "Jose frequently comments. However, when he does comment, he sometimes has a difficult time expressing what he wants to say related to educational discussions/books/vocabulary. Jose needs modeling and prompts. Jose is sometimes off topic." Objective 3 comments stated "Jose struggles with contextual responses. He does better with frequent explanations and modeled responses (scaffolding)."

01/30/13 Accommodations Form- Jose was not allowed testing accommodations while taking the Nevada Proficiency Examination Program (NPEP) test.

03/14/13 IEP at a Glance- The IEP for 01/18/13-01/17/14 was compiled and placed into the file for the school year 2013-2014. Goals, objectives, accommodations to be made during testing, and comments were included. The Special Education Services provided to Jose for Math remained at 2 hours a week in the Special Education Setting. For Reading he was to receive 5 hours a week in the Special Education Setting. For Related Services, Jose was to receive direct assistance in Speech/Language at a rate of 4 hours every Monday in the Special Education Setting.

Handwritten notes were found on the IEP at a Glance form. The notes read: "\*Reading Intervention", "Severe speech problem causes frustration and peer issues", "most frustration is during unstructured time", "needs everything done a certain way-gets set off by this", "counseling after school", "agitated not violent", "hard on himself", "time out place w/case manager", "locker help", "3 min pass early in early out", "\*Resource ELA/Math D.S", " 2<sup>nd</sup> grade reading level", "math 1<sup>st</sup> grade (maybe CLS?)", "low level math like lowest we have", "horrible birth".

#### Seventh Grade 2013/2014

#### Items within the student file for 2013-2014

08/21/13/-10/07/13 Observation notes-Miscellaneous handwritten notes regarding Jose's behavior and outcomes of situational questions. Jose was off task during several sessions and needed moderate to maximum assistance/prompts to answer questions. He referred to physical violence when given hypothetical conflict driven situations and needed prompts to give alternative methods of resolution. He was rated at having a 50-80% accuracy rate with the "wh" questions throughout the time period.

08/27/13 Continued Placement Form-Jose's parents were sent notification that he would continue receiving instruction in the WCSD's English language development program. Using the

## SPARKS POLICE DEPARTMENT Supplemental or Continuation Report

Type of Report: Murder/Attempted Murder Case: 13-9953

Date/Time of Supplement: 05-06-14 @ 1800hrs Detective: Dach, K. #034

Approving Supervisor TREPLETT 004 Date: 57.14

#### **Details of Supplement:**

On 5/6/14, I conducted an audio interview with Vicki HARDY at Sparks Middle School. Vicki has been teaching for approximately 15 years. Thirteen of those years were at Sparks Middle School teaching general education such as Math, English, and Science. Vicki started teaching Special Education in 2008. Vicki had never met Kaelin GUERRERO or Mason KAMERER. Vicki was in charge of meeting with the "feeder schools" and determining if any of the incoming students were going to need any assistance which was not outlined on their IEP's.

Vicki was scheduled to meet with Karen HINTZ on 3/8/13 but HINTZ cancelled the meeting due to a sick child. Mrs. CROWLEY contacted Vicki HARDY and asked to meet anyway. Vicki met with CROWLEY in her classroom at 1230 hours while the students were at lunch. Jose was brought to the classroom and introduced to Vicki. Jose was very comfortable with CROWLEY but was uncomfortable and would not make eye contact with Vicki. The meeting only lasted 20 minutes and Vicki did not observe Jose with any other students. She noticed Jose didn't mind staying in the classroom on break and offered to let him do that in middle school as well.

CROWLEY voiced concerns saying Jose needed to have a "new set of eyes look at Jose". Jose started to be left behind and he was starting to realize he was behind the other students. CROWLEY gave an example; if Jose spilled his chocolate milk he would begin to cry. The other students would tell him it was ok and would leave him alone for a few minutes to allow him to calm down. CROWLEY stated something was overlooked, Jose needed a whole new evaluation, and he was not getting the help he needed.

Vicki made a couple recommendations for Jose's new case worker; Jose should have an upper and corner locker and Jose should have two classes per teacher. An example of this was Jose had Mrs. Wilson for Math and Enrichment.

Vicki told me Sparks Middle School has two Special Education positions which had not been filled. These positions were filled, one on the day of the shooting, 10/21/13 and the other position was filled two weeks prior to the shooting. Vicki was concerned because case managers have a high case load of approximately 46 students per case manager. When Vicki was promoted and left Sparks Middle School she left the files with the information regarding students from the "feeder schools" in her

Detective: Dach, K. #034 Murder/Attempted Murder

office. Three weeks into the school year she received a call asking where those files were.

Vicki had sent emails to Area Administrator, Suzanne ANTHONY on October 25<sup>th</sup> detailing out her conversations with CROWLEY. ANTHONY was able to provide those to me which are included with this report. The emails discussed the meeting with Karen HINTZ, how it was cancelled and the meeting with Mrs. CROWLEY. CROWLEY felt better after the meeting and said "Thanks for coming over today. I feel more confident Jose will get what he needs".

The audio interview was put on a CD and booked into Sparks Police Evidence as KLD-39.

No Further. K. Dach

# Hi Christy and Karen:

Just wanting to touch base with you regarding your 6th graders planning to come to Sparks Middle School.

I was hoping to schedule an appointment to come meet with you in early March to go over student info.

In the meantime, I thought you could use the following bit of information:

### Resource Classes:

SSTS/Directed Studies -

**ELA** 

Math

\*\* The way we have been advised to write this in the IEP is: List the class type in the Specialized Instruction section of the IEP, list for 1 hour per day, and then in the Special **Education Setting.** 

# **Supported General Education Classes:**

**ELA** 

Math

\*\* The way we have been advised to write this in the IEP is: List the class type in the Specialized Instruction section of the IEP, list for 1 hour per day, and then in the General **Education Setting.** 

Do not state "co-taught" in specialized instruction, just list the class name and the location....

Let me know if there is anything I can do to help make the transition process easier for your students.

Send me a date and time, or tow, that will work for you guys in early March and I will be there@

Thank you-

Victoria Hardy

Hi Nancy,

Thanks for coming today to introduce the kids to the registration process. They are all excited.

I have a favor to ask you. I have a student who is in SPED and for whom I have some concern about how he will manage middle school. He is very low academically and cognitively and also gets very frustrated and upset when he is confused or does not understand something. I am worried about his ability to handle middle school with all the transitions and expectations. We invited the SMS SPED folks to join us at this student's latest IEP, but they were unable to come. I would VERY much like to meet with the SMS SPED folks (and our SPED teacher) and perhaps you or another counselor to discuss how best to help my student next year. Would you be able to help me set this type of meeting up? I would be very appreciative.

Thanks, Kim

Hi Nancy,

Thanks for coming today to introduce the kids to the registration process. They are all excited.

I have a favor to ask you. I have a student who is in SPED and for whom I have some concern about how he will manage middle school. He is very low academically and cognitively and also gets very frustrated and upset when he is confused or does not understand something. I am worried about his ability to handle middle school with all the transitions and expectations. We invited the SMS SPED folks to join us at this student's latest IEP, but they were unable to come. I would VERY much like to meet with the SMS SPED folks (and our SPED teacher) and perhaps you or another counselor to discuss how best to help my student next year. Would you be able to help me set this type of meeting up? I would be very appreciative.

Thanks for coming today to introduce the kids to the registration process. They are all excited.

I have a favor to ask you. I have a student who is in SPED and for whom I have some concern about how he will manage middle school. He is very low academically and cognitively and also gets very frustrated and upset when he is confused or does not understand something. I am worried about his ability to handle middle school with all the transitions and expectations. We invited the SMS SPED folks to join us at this student's latest IEP, but they were unable to come. I would VERY much like to meet with the SMS SPED folks (and our SPED teacher) and perhaps you or another counselor to discuss how best to help my student next year. Would you be able to help me set this type of meeting up? I would be very appreciative.

What time might you be able to meet? I don't have any preps, but I have a push-in in my room from 11-12, so that would work well if possible. Just let me know!

# SPARKS POLICE DEPARTMENT Supplemental or Continuation Report

Type of Report: Murder, Attempted Murder Case: 13-9953

Date/Time of Supplement: 4-23-14 1600 hours Detective: Triplett 004

Approving Supervisor Date: 5/7/19

# **Details of Supplement:**

As part of the overall investigation, investigators decided to attempt to gather detailed information, in an interview with Liliana URTIZ, regarding the developmental issues Jose REYES experienced throughout his life. A formal request for assistance with this endeavor was made of the FBI. (See my original supplement.)

I have had several communications with Andre SIMONS, Unit Chief with the FBI's Behavioral Analysis Unit 2. Chief SIMMONS has suggested a live video interview with Liliana URTIZ, members of the Behavioral Analysis Unit and SSA Milena ESPINOZA. At this time, we are working together to organize this interview. The purpose of this interview is to gather any possible information to assist in preventive studies related to school shootings and/or school violence. It is unknown if Liliana URTIZ will cooperate and participate in the interview process. This information will not impact the investigative findings.

In my original supplement and in the overview it is noted that Jose REYES-MANDUJANO was arrested for Child Abuse on 2/2/12 in Sparks Police Case #12-1065. It also noted in both reports, that the case disposition shows the case was negotiated to misdemeanor on 5/23/12. For clarification, Jose REYES-MANDUJANO pleaded guilty to misdemeanor Child Abuse on 5/23/12 in Sparks Justice Court.

The investigation clearly determined Jose REYES was not a violent child. A detailed review of the school records documenting Jose's behavior and disabilities throughout his school experience revealed he did not act out in violence at school. These records contain information from numerous teachers, counselors and staff members from three different schools and none of these professionals communicated or documented any concern that Jose REYES was violent. In individual interviews with detectives, each of them expressed shock and disbelief that Jose REYES was responsible for the shootings on 10/21/13. None of these professional believed Jose REYES was capable of formulating the intent or plan to obtain a gun and bring it to school to hurt people.

Jose REYES was not violent at home or to his family members. There is one documented incident when he acted out in frustration and struck his father. No other incidents of Jose being physically aggressive to his family were found. He refused to participate in sports or martial arts because of the

Case # 13-9953

Detective: Triplett #004

contact involved. Jose never expressed any interest in firearms to either of his parents. His parents were unequivocal in their statements that Jose had never been shown the weapons or how to use the weapons in the REYES' home. Jose REYES-MANDUJANO and Liliana URTIZ took measures to hide the weapons from their children. Both were certain that Jose did not know where the weapons were stored. Neither parent was aware Jose was experiencing significant issues at school until 10/18/13 when he visited a psychologist. Jose did not express any thoughts of violence during his appointment with the psychologist. Neither parent was aware of the topics Jose researched on the internet. There was no reason for either Jose REYES-MANDUJANO or Liliana URTIZ to believe their son Jose REYES was planning on committing any act of violence at school or anywhere else.

The criminal actions taken by the suspect Jose REYES were captured on video. Jose REYES acted alone on October 21, 2013. The investigation has determined no one else had any information about the intentions of Jose REYES.
